Setting up an Active Parent Account

Go to www.westernline.org

Click on the *Active Parent* Button at the top of the page

Click on *Create and Active Parent Account*

Boxes with a red asterisk (*) are required.

Once the account is approved, parents will log into their new Active Parent account and request their children who will be linked to the account. An email will be sent to district personnel who will approve the students and activate your account. (This will occur through-out the day so parents can begin to register students immediately.)

Once students are added, you will log into Active parent, click on the notepad on the top right of the screen to begin the registration process. Parents will register each student individually. The students linked to your account will be available in the drop-down box located at the top of the page. If you have any questions please contact your child(s) school.
