

The Evaline School District #36 complies with all federal rules and regulations and does not discriminate on the basis of race, creed, religion, age, veteran or military status, color, national origin, sex, sexual orientation including gender expression or identity, or use of a trained guide dog or service animal by a person with a disability. This holds true for all students who are interested in participating in educational programs and/or extracurricular school activities and provides equal access to Boy Scouts and other designated youth groups. Inquiries regarding compliance and/or grievance procedures may be directed to, the school district's Title IX/RCW 28A.85 Officer and/or Section 504/ADA Coordinator, Kyle MacDonald at 111 Schoolhouse Rd Winlock, WA 98596, 360-785-3460 [kmacdonald@evalinesd.k12.wa.us](mailto:kmacdonald@evalinesd.k12.wa.us)

## SNOW in the Forecast next week

Inclement weather and school alerts will be posted on flashalert, local TV stations and local radio stations. You will also receive an email from us by 7am. Snow is in our forecast next week, so please remember to check your student's google classroom email

or class dojo to get instructions for online learning if we are unable to open the school building and have to switch to an ALL STUDENT REMOTE LEARNING DAY.

## STONE SOUP

Next week we'll be making our traditional Stone Soup, based on the book by Marcia Brown. Students here on Wednesday, January 27th and Thursday, January 28th, will get to enjoy a yummy bowl of Stone Soup and a biscuit.

## 100th Day of school/Valentine's Day/ End of Semester Celebration

On **Wednesday, February 10th and Thursday February 11th** we will be celebrating Valentine's Day, the 100th Day of school, and the End of Semester. However, due to Covid, our Valentine's celebration will be a bit different this year.

### Changes:

1. Students will celebrate in their individual classrooms and their individual A/B Cohort.
2. Students will only need to bring Valentines for their A or B cohort group.
3. PLEASE DO NOT SEND FOOD OR CANDY WITH YOUR VALENTINE, pencils, tattoos, stickers and things that are not edible are okay.

Our awesome Booster Club will be providing pre packaged treats and juice boxes for all students. A student name list for valentines will be sent out in next week's newsletter. This is going to be a very busy day, because we will also be celebrating 100ths day and the end of the semester. More information will be in next week's newsletter about these additional celebrations.

## IMPORTANT DATES:

### January

Jan, 25: Semester Ends

Jan. 27/28: STONE SOUP

Jan, 29: NO SCHOOL - Certificated Professional Development

### February

Feb. 9: 100th Day of school

Feb. 10/11: Celebrating- the 100th Day of school/Valentine's Day/ End of Semester

## WEEKLY LUNCH MENU

**Mon:** Lunch meat sandwich, **Tues:** Peanut butter & jelly,

**Wed:** Tortilla wraps, **Thurs:** Bagels

*Thank you to our Evaline School Board Directors for their dedication and service, we appreciate you!*

## Evaline Apparel Order

The apparel order is running late, due to a medical emergency from our supplier. We will update as soon as we have any information.

*Thank you for your patience.*

## Dear, Evaline Families

Families, we have a young family whose mama is undergoing chemo treatment. Gift cards for local meals would be greatly appreciated as the family faces the challenges ahead.

Thank you for showing your support to our fellow Evaline family! Gift cards will be accepted by the office at your convenience

## EVALINE REPLACEMENT EDUCATIONAL PROGRAMS AND OPERATIONS LEVY

**Levy dollars = Learning!**

### NOT A NEW TAX

**Levy Funds Support:** Non high payments to other districts for Evaline 7-12 grade students, apx. 40% of annual levy, Special education programs not funded through basic education, Health nurse services not funded through basic education, Technology equipment and enhancements, Security and emergency preparedness, Curriculum replacement and staff professional development and training, Field trips and field trip transportation, Food service program, Maintenance and operations outside of basic education funding.

**Ballots are on their way to your mailbox. Please make sure you vote by February 9th!**

## Evaline Online Learning Platform Rave Reviews:

Evaline is using several high-quality learning platforms this year to support learning. IXL combines a comprehensive K-12 curriculum, the Real-Time Diagnostic, personalized guidance, and actionable analytics to give students everything they need to progress and comprehend grade-level skills.

### Evaline's Top 5 IXL:

**Student #1: Cale F. (5)**

Student #2: Lilly C. (3)

Student #3: Tyler S. (5)

Student #4: Jack B. (5)

Student #5: Grady K. (3)

### Our students have:

\*Mastered over 1,903 skills!

\*Answered over 87,206 ixl questions!

\*Answered over 35,000 math questions.

\*Answered over 30,000 language arts questions.

\*Answered over 5,000 social studies questions

\*Answered over 5,000 science questions

Hello families,

This week Kindergarten has worked hard on a couple new sounds. In the upcoming week, we will be adding both sounds the "th" makes. We will also be working our way up to the number 20 in math next week. We will be working on larger numbers. Please help your students keep working on counting to 20 because their goal is to count to 100 by the end of the year.

First grade has been working on answering questions about animals that we read in class. Please make sure when your first graders are home that they are also working on writing full sentences for the answers. This is an important skill that we have been working on the majority of this school year. As we are getting ready to write a report, it is important that the first graders are practicing this skill. We are also getting ready to work on using the skills from this last chapter to add and subtract. So, don't be surprised when you see more ten sticks and ones.

I hope you all have a wonderful weekend. I cannot wait to be back in the classroom!

Mrs. Young

**Super Second Grade Weekly Update: 1/22/21**

Happy Friday, families!

This week we wrapped up Term 1!! We will be starting Term 2 on Monday, January 25th. If students have any missing or unfinished work, please turn tasks in with their completed assignments on Monday, January 25th. This includes updated ixl diagnostics, Epic books and AR tests.

I will be working on report cards next week and would like to provide our students with every opportunity to show the growth and progress they have made these past few months. It is particularly important that I receive the following by Monday, 1/25: the week's cold fluency read, Chapter 5's Review and Test, the Middle-of-the-Year Math Test, students' Chapter 1 Science Review (pg. A-22 to A-23), as well as their updated ixl diagnostic.

Thank you for all of your help and support! Have a lovely weekend!

Hello families,

This week was an exciting week in math. Students have now transitioned from learning multiplication to learning all about division. This week we worked a lot with manipulatives and drawing to see the relationship between multiplication and division. Those students who have been working really hard to memorize their multiplication facts have already noticed how easy this is making division for them. Please help your student by working with them daily.

In science we talked about people's place in the ecosystem. We explored words such as natural resources and recycling. Students had the opportunity to watch a short film that shows exactly what happens after we put things into the recycling bin. If you didn't get the opportunity to watch this with your student here is the link ([https://www.youtube.com/watch?v=FX55cKJvg-g&feature=emb\\_logo](https://www.youtube.com/watch?v=FX55cKJvg-g&feature=emb_logo)) I know I really liked it and learned a bunch! We will continue with this concept into next week.

Each week I offer an art project that is available for students to complete independently. Materials are handed out to all students who choose to take them and then a video containing instructions is added to Google classroom. Students who complete the project have their artwork hung in the hallway for all students to see. This week's art project was related to our science for the week and students were challenged to create a 3-D robot using recycled materials from home. These art projects are a great way for your student to have fun and explore their creative side!

Mrs. Duren's 4th Grade and Mr. Burlingame's 5th Grade joined forces this week in science in a very special and unique opportunity to dissect a squid. Students did a great job and were very professional in their investigations. Mrs. Duren's and Mr. Burlingame's classes would like to give a huge THANK YOU to Mrs. Mittge for giving us this very awesome experience. Here are some pictures from the event!
