

Dear Parents/Guardians:

This notice is to inform you of Department of Health requirements for students attending school :

Required Immunizations x 7th Grade Attendance

Hepatitis B	3 doses
MMR (measles, mumps, Rubella)	2 doses
Varicella (chickenpox)	1 or 2 doses****

****Two doses of Varicella vaccine required if the first dose is administered on or after the 13th birthday. A documented history of Varicella, signed by a U.S. licensed MD, DO, APRN, or PA, may be substituted for the Varicella vaccine requirement.

Please have your student's doctor complete a yellow immunization record and bring it to Connections Public Charter School as soon as possible. Students who have already received these vaccines do not need to be re-immunized, as long as all immunizations meet the minimum age and interval requirements. Please submit the yellow form even if your student has already completed the required vaccinations.

Students will not be admitted to school without these requirements or the student must have a doctor's appointment slip showing that the requirements will be completed.

If you have any questions regarding these requirements, please contact the Department of Health at 974-6025.
