

# Agenda for March 30 – April 3

Way to go!!! I love how so many of you got started last week and did your assignments. I am so proud of how well you are doing. The most important thing is that you remain safe and take care of yourselves. I know that I miss all of you a ton and would do anything to be back in school right now. I know that many of you are starting to miss your friends and would like to be able to get out of the house again. If you need anything, even if it is something to eat or someone to talk to, please let me know, I am here for you and would be happy to help you in anyway.

## A few things....

1) Please, please, please sign up for remind, even if you are doing the packets created by the district. This way I can easily communicate with you. I can use Schoolstatus, but this is more for me to communicate with your parents.

2) You don't have to take the State Exam this year to get your Algebra 1 credit!!! This is awesome, but at the same time, this doesn't mean that your class is over. You have to be in good standing at the end of the semester to get the credit, which means you need to do the assigned work during this period. Even if I am not putting your grades into PowerSchool at this time, it is still important that you are completing all assignments.

3) Some of you are doing the packets created by the District. You will need to pick up a new packet every week. The packets are now available on Tuesday's and Thursday's at Chickasaw Elem. from 10-12 in the grab-n-go lunch line. Please let me know that you are doing this packet, and I will communicate with your parent regarding your work.
