

20-21 LHUSD SCHOOL REOPENING

JULY 6, 2020

Dear LHUSD School Community,

We appreciate the valuable input we received from our parents, guardians, and staff through the surveys distributed in June to help us better plan for the 20-21 school year. While this year continues to present challenges we look forward to welcoming our students and staff back as soon as possible with some added precautions to address the safety and well-being of our school community while continuing our commitment to a focus on scholarship, character, and humanity.

For complete details please visit our website at <http://www.lhusd.org>

PARENTS AS PARTNERS

LHUSD is asking all parents to partner with us as we navigate this upcoming school year. Staff will be conducting visual checks of students as they enter the building each day and we are working to ensure our health office staff and clinics are prepared to support any student or staff who may become ill. While we have every confidence in our school staff we cannot do this alone. In order to provide students with the healthiest learning environment we are asking all parents to screen their students at home prior to coming to school. If your child has any of the following symptoms please keep your child at home:

- Fever of 100.4 degrees or higher
- Shortness of breath or difficulty breathing
- Coughing

Your support is greatly appreciated as this is the best way to protect our entire school community.
