

The State Department of Education has adopted state goals for student/personnel ratios and authorized this school district to establish a policy as to the student/personnel ratios at the various schools in the district. The board of trustees recognizes that there may exist limitations on facilities, funding and staff which preclude this district from meeting the state goals. Therefore, this board of trustees adopts a policy setting personnel standards which enable it to implement the educational program of the district, provide a low student/teacher ratio and allow flexibility as necessary to meet the special needs of the student population.

[NOTE: Personnel Standards must correspond with the appropriate Accreditation option(s) selected by board of trustees.]

OPTION A (SCHOOLS ACCREDITED BY THE NORTHWEST ASSOCIATION OF SCHOOLS AND COLLEGES

The schools in this district accredited by the Northwest Association of Schools and Colleges maintain student/personnel ratios and other personnel assignments as set forth in those standards.

OPTION B, C AND D

All schools in this school district accredited by the State Board of Education will employ personnel as necessary to meet the goals for the district's educational programs.
