Standard of Dress for K-12 Students 2016-2017

Senate Bill 228, Code of Student Conduct amends Florida Statute 1006.07 relating to school board duties relating to student discipline and school safety. This bill requires student conduct codes to include provisions on student dress and style of wearing clothing and provides sanctions for violators. This new law requires board policy to address the responsibilities of each student with regard to appropriate dress, respect for self and others, and the role that this has on an orderly learning environment. This law is effective beginning July 1, 2011.

The Taylor County School Board has a required standard of dress for all students K-12. There are many positive reasons for a school dress code requiring uniforms. They are:

- A standard of dress encourages students to express their individuality through personality and academic achievements, not outward appearances
- A standard of dress puts the focus on academics, not fashion, because they project a neat, serious, businesslike image
- Schools with a standard of dress have fewer discipline problems because students aren't distracted
- A standard of dress can be less expensive
- A standard of dress eliminates the visible differences across the socio-economic groups
- A standard of dress eliminates pressure to wear brand name clothing
- A standard of dress creates a sense of school pride and belonging

The faculties and staffs of the Taylor County Schools encourage all students to take pride in their personal appearance through good grooming and wearing proper clothing. Personal appearance is very important to the success of a student. To dress the part of being a student is to be neat, clean, and not distracting to others. Hair should be neat, well-groomed and without foreign objects or unnatural hair color.

Parents should exercise good judgment in seeing that their son/daughter dresses appropriately for school and for school activities.

The principal shall determine when a student's personal hygiene, appearance, or dress is such that it disrupts or interferes with the educational process or endangers the health or safety of the students or others.
