

Community Relations

Public Performances by Students

The Board of Education recognizes the educational value from student participation in civic and community affairs. Teachers are encouraged to prepare students for public performances which contribute to student education when they don't interfere unduly with other educational activities or programs. Such participation shall be fully supported by the teachers and no student shall suffer any penalty for his/her participation in such activities.

School groups may, consistent with all applicable Board policies and related administrative regulations, participate in local public events.
