

ROBERT C. HATCH HIGH SCHOOL EMPLOYEE OF THE WEEK
FEBRUARY 8- 12, 2021

Hello my name is Jennifer Conner, a native of Uniontown, Alabama. I'm a graduate of Robert C. Hatch High School, home of the Bobcats. I teach 5th grade Science and Math at Robert C. Hatch. I am a graduate of Alabama A&M University where I received my degree in Bachelor of Science in Elementary Education. I furthered my education by attending The University of West Alabama where I obtained my certification in Library Media Specialist. I have 24 years of teaching, 5 of those years as the Librarian at Uniontown Elementary School. When it comes to my students, I demand high expectations because I know they can achieve any goal if they set their minds to it. It is my belief that perseverance is so important to instill in a student. It not only teaches them to never give up, but it teaches them if you continue to work hard, you will succeed in life.

I am a proud wife to my husband of 25 years. The mother of three gorgeous daughters and 1 grandson who I love dearly.
