If medications must be given during school hours, an **Authorization for Medication HRS29** form must be completed every school year. It must be filled out and signed by you and your physician. Medications used in school must be in the original container. When you have a prescription filled, ask the pharmacist for two containers; one for school and one for home use. If your student participates in field trips and needs medication during that time, a separate container may be necessary for that day as well.
