

# Proposed District Goals for 2020-2021

1. The district will continue to develop and implement effective and transparent communication strategies within the district and with our community and stakeholders to ensure accuracy, completeness and transparency in our communications.
2. Continue the development, articulation and implementation of the vision of learning that is supported by our school community and operated under the Six Pillars established by the school district.
3. Advocate for and continue to improve our district's culture to support an instructional program conducive to student learning and staff professional growth.
4. Practice effective management by implementing supports of the organization, operations, and district resources for a safe, efficient, and effective learning environment.
5. Continue to collaborate with families and community members to respond to diverse community needs through utilization of district and community resources.
6. Continue to develop and practice transparency with our community members.

Our District policy AE (old) states the following as the main district goal:

**The district shall maintain a coordinated K-12 program that supports the physical and cognitive growth and development of students, is designed to improve student achievement, supports students becoming proficient in the knowledge and skills of the student's current grade level and encourages the attainment of individual goals.**

Policy AE (old) also states the following practices and methods for the achievement of our goal.

The district will develop a partnership with staff, parents, and community members through 21st Century Schools Councils, local school committees, and advisory committees to identify and develop goals consistent with the goals adopted by the State Board of Education.

To successfully prepare students to function effectively in a rapidly changing world and for the futures they choose to pursue, goals adopted by the district will:

1. Ensure that all students, regardless of linguistic background, culture, race, sex, sexual orientation, capability or geographic location, have access to a quality education in a safe, motivating environment;
2. Hold all students to rigorous academic standards and expect them to succeed;
3. Provide students with opportunities to demonstrate their achievement in knowledge and skills;
4. Encourage parental and community involvement in their student's education;
5. Develop in students' lifelong academic skills to prepare them for an everchanging world;
6. Develop in students the core ethical values that our diverse society shares and holds important, including but not limited to, respect, responsibility, caring, trustworthiness, justice, fairness, civic virtue, and citizenship;
7. Equip students with the knowledge and skills necessary to pursue the future of their choice and to prepare students to function effectively in various life roles; and
8. Utilizes valid and reliable data for evaluating the success of curriculum, instruction, resource allocation, and school improvement.
