Dental Screening Consent

School: _____ Teacher: _____

I give Sarrell Dental Center permission to give my child a dental screening:

→ _____ → _____ / ____ / ____
Name of Child Date of Birth

Sarrell Dental Center provides dental services for children ages 1 through 20 who are eligible for Medicaid and/or BlueCross BlueShield ALL-Kids insurance. We understand that your child may already have a dentist. However, we know the importance of dental health and dental care. If any dental needs are detected from the screenings, we encourage you to take your child to your dentist or call:

Sarrell Dental Center in Toney at (256) 713-2440.

Please provide a contact number below so we can follow up if your child has a dental need/problem detected by these screenings.

Name of Parent or Guardian: _____

Phone Number: _____ Cell Number: _____

Email: _____

X _____ / ____ / ____
Signature of Parent or Legal Guardian Date

* Please be advised that this is a very basic procedure and that your child may have more or less cavities than this basic dental screening can determine. A more detailed screening in a dental clinic with x-rays may find more or less problems. This screening is a free service. There is no charge.
