Frequently Asked Questions

What is Dual Credit?

Dual Credit allows a high school student to earn college credit and high school credit concurrently.

When can Dual Credit courses be taken?

Dual Credit courses can only be taken during the school year as dictated by the May ISD school calendar. Courses taken during the summer will be considered college credit only.

What is the difference between Dual Credit and College Credit Only classes?

With Dual Credit courses, a student is able to earn both a college credit as well as a high school credit. Dual Credit courses are scheduled into May High School's master schedule and the student will be given time during the school day to work on their course work. College Credit only courses do NOT earn high school credit, and the courses are NOT built into May High School's master schedule. The student assumes full responsibility to work on the course work on their own time outside of the school day.

Will the credits transfer?

Most of the credits earned will transfer to other colleges or universities. It is the students' responsibility to make sure that the Dual/College Credits earned will transfer to another college or university.

What is a Dual Credit passing grade?

Credit will be awarded for high school credit for a 70 average or better for the semester. For example, if a dual credit semester grade is 98, a 98 will be recorded on the student's transcript with the corresponding course.

What happens if I earn lower than a 70 in a course?

The course will not fulfill the requirement for high school credit. You will be placed on academic probation. If a student earns two grades lower than a 70 in dual credit courses, you will not be allowed to enroll in future college courses in that subject area.

What does it mean to be on Academic Probation?

The number of courses allowed for you to enroll may be limited. Students will meet with an academic advisor to discuss enrollment in future classes. Overall GPA, overall effort, work quality along with other factors will be considered.

Why does May High School care if I earn a C in a course?

It is the expectation of May High School for students to be college ready. It is not beneficial for students to earn low grades since this affects both high school GPA and class rank as well as college GPA. A low GPA could negatively affect both college acceptance as well as scholarship opportunities.

Who can take Dual/College Credit courses?

Freshmen, Sophomores, Juniors, and Seniors who have met the TSI assessment(s) scores required for the course to be taken, as well as met May ISD's qualifying GPA of 3.0 may register for Dual Credit courses.

How much does Dual Credit cost and when do I pay?

The current cost for Ranger College dual credit courses is \$80 per semester hour. This cost is subject to change. The student will be responsible for paying tuition costs and fees by the deadline set forth by Ranger College. All payments will be submitted via Campus Connect link once your student has been registered by Ranger College.

What happens if I am placed in DAEP or an alternative education placement?

If a student is removed to an alternative education placement setting such as DAEP, the student will be automatically withdrawn from ALL Dual Credit courses and will not be reimbursed for the cost of all classes dropped.

Where can I purchase textbooks?

Textbooks can be purchased from the Ranger College bookstore online, or at the Ranger College campus in Ranger, TX. There are also many online resources to purchase textbooks. It is to your benefit to research online resources to find the best deal on textbooks. Used or rented textbooks are typically less expensive than new textbooks. Please make sure that any new or rented textbooks come with any online access codes that may be required for the course.

What is the deadline for turning in required paperwork to take Dual Credit courses?

All required paperwork must be completed and turned in to Mrs. Steele by the announced deadlines set by Ranger College and May ISD.

How will my college class affect my high school schedule and GPA?

Dual Credit courses will receive a weight and be figured into the student's GPA at the end of the semester per MISD Local Board policy. If a student drops a Dual/college credit course with a failing grade or fails the course in the fall, the student will be given the college grade or a 65, whichever is higher, for the fall semester in the high school course and therefore will have the possibility of earning a year average of a 70 or better. If a student drops a Dual Credit course with a failing grade or fails a course in the spring semester, the student will receive the college grade or a grade of 65, whichever is higher, and will be required to complete the high school semester credit by credit recovery. A student who drops or fails a Dual Credit course will not be allowed to enroll in any other Dual Credit courses in that subject area in the future.

How many times can I drop a class?

Under the requirements of Texas Senate Bill 1231, 80th Legislature, an undergraduate student who enrolled in higher education for the first time in Fall 2007 or after is permitted a total of six (6) dropped courses, including any courses dropped at another Texas public institution of higher education.

How is a Dual Credit course different from a regular high school course?

Many Dual Credit/ College Credit Only courses for May ISD are taught by online instructors. Students must be self-motivated and be able to meet deadlines in order to be successful in a Dual Credit/ College Credit Only course. Dual credit/ College Credit Only courses are taught at the pace and rigor of regular college courses. Students will receive Six Week grades that are

their grade at that particular time of the semester. Students will be able to monitor Dual Credit grades through their Ranger College online account. Dual Credit/ College Credit Only students will be expected to conduct themselves as a college student. Students will be responsible for communicating any concerns or questions with Ranger College instructors via email, Blackboard Account, or phone. May High School staff is not able to change due dates for assignments or dates set for testing. If there is a conflict or problem, it is the student's responsibility to contact the Ranger College instructor prior to the due date to see if other arrangements can be made.
