Students—On Campus Recruitment

Military Recruiters

The high schools of the school district shall provide the same directory information and on-campus recruiting opportunities to representatives of the armed forces of the United States of America and state armed services as are offered to nonmilitary recruiters, recruiters for commercial concerns and recruiters representing institutions of higher education.

Regional and Inter-district Specialized Schools

The Board shall also provide full access for the recruitment of students by regional vocational technical schools, regional vocational agricultural centers, inter-district magnet schools, trade schools, charter schools, and inter-district student attendance programs.

Release of Student's Personal Information to Recruiters

Upon a request made by military recruiters or an institution of higher education, the school district will provide access to secondary school students names, addresses, and telephone listings. A parent of a secondary school student or the student himself or herself if he or she has reached the age of majority ["eligible student"] may request at any time that the student's name, address, and telephone listing not be released to military recruiters without the prior written consent of the parent or the eligible student. The Superintendent of Schools or his/her designee will notify parents and eligible students annually of their right to file such a request.

On-Campus Recruiting Activities

The school administration may determine when recruitment meetings will take place and reserves the right to deny a request to schedule such meetings at a time that will materially and substantially interfere with the proper and orderly operation of the school.

Any person denied the rights accorded under this policy may request in writing that the Superintendent of Schools review the school administration's decision. The Superintendent shall consider the request and conduct an appropriate investigation; the Superintendent may meet with the person requesting the review and the school administrator involved in the decision. After investigation, the Superintendent may reconsider the denial if in his/her judgment the holding of the meeting would not materially and substantially interfere with the proper and orderly operation of the school.

A person adversely affected by the decision of the Superintendent of Schools may request review of the decision by the Board of Education by filing a written request for such review with the Chairman of the Board of Education.
