

SPUR

A WORKER-CENTRIC COMPANY

Our vision is to be the most worker-centric company in the world. One of the ways we're delivering on this vision is by offering great benefits and perks to our workers:

WORKER BENEFITS + PERKS

Weekly Pay

We pay our workers weekly through the Spur app. Daily pay options are coming in 2019!

Workers' Compensation Insurance

We provide workers' compensation insurance coverage at no cost to Spur workers, so if they suffer from an on-the-job injury or illness, they may be entitled to benefits under applicable state workers' compensation laws.

Health Insurance

We offer health insurance to Spur workers through Essential StaffCARE. The benefits offered in this plan include Medical, Dental, Vision, Short-Term Disability, and Term Life Benefits.

Sick Leave

Beginning in spring 2019, Spur workers can accrue one hour of sick leave for every 30 hours worked.

Access to Training Programs

Each Spur worker has access to various job-specific training courses delivered through our app-based, interactive video training system. You can also provide us with your unique training materials or requirements, and we'll add them to our online training system at no additional cost.

Exclusive Incentives

Discounted cell phone plans, giveaways, and bonuses/incentives for good performance are just a few of the exclusive perks and incentives provided to Spur workers.
