

Dear Parents,

I know that the situation we are in is scary, and we are all unsure of what is going to happen with the remainder of the school year. The packets that we have put together for your child review important skills we have already covered and also touch on any topics we have not yet covered.

I want you to know that I am here to help any way that I can. Feel free to e-mail me with any questions that you may have. If we need to we can set up a time for me to call you to answer any questions or concerns that you have.

Stay safe and healthy and I hope to be back in the classroom soon.

Mrs. Clapsadle
