

## **Drinking Water Notice**

### **Monitoring requirements not met for Southern Local School Campus K-12**

**We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During the 2013 Annual time period we did not monitor all the required samples for Total Trihalomethanes(TTHM), and Haloacetic Acids Five (HAA5). We were required to sample at two different locations at the ends of the distribution system and we only sampled at one of those sampling sites required. The EPA issued the additional site requirement later in the year, March 15, and was overlooked by the sampler. The results of the sample we got were, 21.6 ug/l for TTHM's and 10.8 ug/l for HAA5's. Acceptable levels for drinking water are anything below 80ug/l for TTHM's and 60 ug/l for HAA5's, respectively. The results of the sample we got showed less than one third of the of the acceptable drinking water standards established. I believe if we would have sampled the additional sample we would have got similar results.**

### **What Should I Do ?**

**This notice is to inform you that Southern Local School Campus K-12<sup>th</sup> did not monitor and report results for the presence of the contaminants listed above in the public drinking water system during the Annual 2013 time period, as required by the Ohio Environmental Protection Agency. You do not need to take any action in response to this notice.**

### **What is Being Done?**

**Upon being notified of this violation, the water sampler was required to have the drinking water analyzed for the above mentioned parameters. The water sampler will take steps to ensure that adequate monitoring will be collected in the future.**

**Any additional information may be obtained by contacting the Southern Local School Campus K-12 water sampler at: Keith Clark 330 383-0317 cell, 330 385-2806 home, 330 385-5050 work, or e-mail [kclark.elwd@comcast.net](mailto:kclark.elwd@comcast.net).**
