I am receiving from DeSoto County Schools ("District") a computer/device identified below ("Equipment") that my child can use outside of the school campus for educational purposes. I understand that the equipment, like textbooks, workbooks, and library books are instructional materials, and that I am legally responsible for the cost of the equipment if it is lost, stolen, damaged or seized while in my possession. I am responsible to ensure that the Equipment is cared for properly. Any additional property provided to support the use of the "device" should be returned to the District in good working order (i.e., power adapter, protective case, etc.). If the Equipment is lost/stolen while in my care, I understand that I am to report the item to the school immediately. If the stolen device is not reported within three calendar days to a school administrator, the parent/guardian will be responsible for full replacement cost. **(School Board Policy IJ-Technology and Instruction/Electronic Information Resources)**

I understand that the Equipment will allow access to the INTERNET. While the District makes every effort to limit access to inappropriate content through INTERNET filtering systems, it is the responsibility of the parent/guardian to monitor and control the student's use of the Equipment outside of the school campus. Inappropriate use is a violation of the **School Board Policy IFBGAA- Internet and Computer Safety Policy**.

The District reserves the right to monitor or access the contents of its computers if it suspects or is advised of possible breaches of security, harassment, or other violations of policies, rules, regulations, directives, law, or evidence exists which demonstrates to the school or District that its computers may contain information, data, or other intellectual property that belongs to another person. Students have no expectation of privacy of content stored on or accessed through District Equipment.
