
Title: Transportation Negotiated Payment Settlements Pursuant to Executive Order No. 7R

We have reached tentative agreements with our transportation providers in accordance with the CARES Act and Executive Order No. 7R. In accordance with these documents, Boards of Education were required to negotiate payments to their transportation providers for services that may or may not have been rendered during the school closure period so that services could be resumed upon school opening.

In total Rocky Hill had estimated remaining transportation costs of \$702,502 for both regular and special education purposes for the period of March 16, 2020 through June 16, 2020. This does not include athletic or field trip transportation. We have negotiated tentative daily rate settlements that total \$367,034 or 52% of our estimate remaining transportation costs if school does not open for the remainder of the school year. Many school districts have settled in the 80%-85% range with their transportation providers.
