Educational Research in District Schools

All requests to conduct research within the school district must be directed to the Superintendent of Schools. The following criteria will be utilized to make a determination regarding approval of such requests:

1. The study results in direct benefits or provides direct services to the children within the school district;
2. The study provides in-service opportunities for the growth and development of faculty and/or staff;
3. There be no expenditures of district funds or use of staff/faculty time unless there are benefits as described in 1 and 2 above.
4. Students participating in studies, authorized by school administration, must have the approval of their parents.
5. The survey conforms with Policy 6162.51.
6. The persons conducting the research within the school will abide by all Board policies and protect the confidentiality of personally identifiable information of students as required by Regulation 5125.
