

# Four Possible Reader Combinations

<p><b>Poor Comprehension, Good Decoding</b> (about 10 percent of poor readers)</p>	<p><b>Good Comprehension, Good Decoding</b> (majority of good readers)</p>
<p><b>Poor Comprehension, Poor Decoding</b> (majority of poor readers)</p>	<p><b>Good Comprehension, Poor Decoding</b> (about 20 percent of poor readers)</p>

These problems exist on a continuum of severity and in combination.
