Please provide an explanation of why the school district was out of compliance during the 2019-20 school year.

While the district did not have a counselor on staff for the 2019-20 school year, it did work closely with our local mental health provider to provide counseling services to our students K-12. We advertised for a counselor in the Spring of 2020, but did not have any qualified candidates apply.

Please provide a description of the school district's proposed corrective action plan to come into compliance by the beginning of the 2021-22 school year.

We plan to advertise once again in the Spring of 2021 and hopefully full this counseling position as there is a high need in our district for these services.
