

## Administration

### Administrative Assignments

The legal authority of the Board will be transmitted through the Superintendent along specific paths from person to person as shown on the district organization chart.

The district organization chart will be prepared by the Superintendent and approved by the Board. The lines on the chart will represent direction of authority and responsibility. The chart may also indicate certain "staff" (as opposed to "line") relationships.

The Superintendent will keep the administrative structure up to date with the needs for supervision and accountability in the school system. Therefore, he/she may, from time to time, recommend for Board approval changes in the district organization chart.

The Superintendent shall present annually to the Board, no later than the June meeting, a list of all administrative/supervisory personnel. This list will include current position assignment, and any new assignments.

Lines of responsibility in the school district shall be structured to:

1. Develop educational programs most appropriate for students.
2. Clarify responsibility from students through teachers, administrators and the Superintendent, to the Board of Education.
3. Tell each member of the staff to whom he/she is responsible and for what functions.
4. Whenever possible, have each member of the staff responsible to only one immediate supervisor for any one function.
5. Designate a person to whom a staff member can appeal a disagreement with the person to whom the staff member is directly responsible.
6. Inform each staff member to whom he/she can go for help in working out his/her own functions in the district program.
7. Keep each staff member advised of policies, functions and progress of the district.
