School Boards
Representative

Kathy Charlton
Hempfield Area High
School

The WPIAL, aligning with the PIAA, will follow and support the directives of Governor Wolf for all school-based activities, including interscholastic athletics.

To minimize the spread of COVID-19, schools and/or teams are reminded that having off-campus practices or workouts during a mandated closure defeats the spirit and intent of the shutdown. Schools should stop any of these activities from occurring.

The WPIAL Board of Directors will not release or discuss any information about Spring Sports until directed by the PIAA.
