Transfer students will meet the same enrollment requirements as new students.

After a student has enrolled in one (1) school within the system, he/she will not be permitted to transfer to another unless there is a change in residence of the student's parents or guardian outside the area in which the student enrolled. Any exception to this policy must be brought before the director of schools for evaluation and decision.

Principals shall allow credit for work transferred from other schools only when substantiated by official transcripts or successful completion of comprehensive written examinations approved, administered and graded by the principal or his/her designated representative.<sup>1</sup>
