December 1, 2020

Dear Parents and Guardians:

As we enter the cold/flu season and with the surging new cases of COVID-19, out of an abundance of caution, the district has decided to move to an *all virtual learning* platform starting January 6, 2021. We acknowledge that alleviating the *in-person instruction option* may create a hardship for some. Please know that this decision was made with everyone's best interest in mind. In addition, we are making plans to ensure that school meals are delivered to all of our students during this time.

In-person/face-to-face instruction is projected to resume on February 16, 2021 for all interested students. A survey will be sent out within the next few weeks to assist in planning for this February option. If any of these dates change, you will be notified at least seven days in advance. In the coming weeks, building principals will provide parents and students with additional information regarding school schedules.

Thank you for your continued flexibility and cooperation during this unprecedented time. We will continue to provide routine updates as new information becomes available.

Warm regards,

Tangela Madge

Tangela Madge, Ed.D.
Superintendent
