

# IT JUST TAKES ONE

## Child Find Purpose

Child Find can help facilitate the identification, location and evaluation needed for any child, who may or may not be in school, age birth through twenty-one, demonstrating a disability or developmental delay. Early education can be critical for the future learning of these children.

## Referral

Anyone who is aware of a child demonstrating a disability or developmental delay can make a referral to Child Find.

The Special Education department is responsible for identifying, locating, and evaluating students with disabilities (birth through twenty-one years of age).

Special education offers a wide range of instructional options through services designed to meet the unique educational needs for students with disabilities. These options include specially designed instruction provided in a special education program or regular education program with modification, special education support, supplementary aids, and other special arrangements.
