

Multi-Tiered System of Support (MTSS)

As we continue implementation of MTSS in the Randolph County School System please contact Ms. Laurie Sypole, MTSS Program Specialist, anytime you have a question. We believe it is important to remember the definition, vision, and mission of MTSS as we continue to implement this critical process to meet the needs of all our students.

NCDPI MTSS Definition

NC MTSS is a multi-tiered framework which promotes school improvement through engaging, research-based academic and behavioral practices. NC MTSS employs a systems approach using data-driven problem-solving to maximize growth for all.

NCDPI MTSS Vision

Every NC Pre K-12 public education system implements and sustains all components of a Multi-Tiered System of Support to ensure college and career readiness for all students.

NCDPI MTSS Mission

NCDPI will prepare and support LEAs to implement a Multi-Tiered System of Support for total school improvement by providing professional development, coaching and technical assistance, research and evaluation, and communication and visibility that results in college, career and community readiness for all students. NCDPI believes that MTSS is the most effective and efficient approach to improving school outcomes and student performance thereby ensuring equitable access to a sound basic education.
