

Without Internet access and connected devices, many students lack the ability to participate in remote learning and complete homework after the school day has ended.

The data collected from this survey will greatly assist our schools with obtaining local, state and federal broadband funding to provide additional resources to our students and families. Thank you in advance for your time in taking this survey!

Please fill out this survey and return it to jduncan@beecher200u.org or 538 Miller Street, Beecher IL 60401, attention: Joe Duncan. Please return no later than July 20th, 2021

HOME ADDRESS

House Number and Street Name: _____

City/Town: _____
