

Distance Learning Enrichment

Freckle

Freckle offers skill practice that builds proficiency, stories at a personalized level, word study, decodables, and grade-level assessments to enrich students learning.

Students will have a personalized code depending on which class they are in, please refer to their English teacher's website for the code.

Audible

Audible is offering 80+ books available for free to kids at this time.

Oftentimes, students listening comprehension is higher than their reading, so listening to stories can help them with fluency and comprehension. I encourage you to take advantage of this resource!

Kahoot

Students love Kahoot and it would be a great activity to do as a family.

A parent will have to create an account to administer kahoots. After creating an account, you can discover different Kahoots for multiple skills.

For example, the first week of distance learning is about literal + nonliteral language. The account-holder can challenge others to the Kahoot, and students will enjoy it!

IXL

Reading & writing strategies, vocabulary, and grammar mechanics

Students can practice skills on IXL at a personalized level.

Power IXL Practice

Some IXL's students will benefit from:

- EE.1, W.1, X.1
- D.1-D.6
- E.1, M.1-M.2
- B.1
- H.2
- Z.1
