

Limestone County Schools 21st Century Community Learning Centers

We strive to provide every child, regardless of his or her financial circumstances, access to the 21st CCLC after school and summer programs. We require all families applying for scholarships fill out an application and meet with the 21st CCLC Site Coordinator.

- Please note that fully paid scholarships are awarded annually and parents must apply each year.
- The registration fee still applies.
- Please note regular attendance and proper behavior is required to maintain scholarship status. A child receiving a scholarship is expected to attend the 21st CCLC program at least four days per week. (If attendance drops below four days a week, scholarship eligibility may be revoked.)

All students must adhere to the regulations, policies and procedures in the 21st Century Community Learning Center Parent & Guardian Handbook. This information will be kept completely confidential. Thank you very much and please do not hesitate to contact us if you have any questions.
