

Brimfield CUSD #309 Board of Education
Building & Grounds Committee
3/5/2019 @ 6 pm
District office 323 E. Clinton St. Brimfield, IL

Mr. Thompson called the meeting to order at 6:08 pm. Members present Mr. Thompson, Mr. Kenney, Mr. Heinz. Dan Fishel Village of Brimfield Mayor and Superintendent Mr. Richardson.

The committee heard from Mr. Fischel about the need to enlarge the water facility and the expansion into the district property. The committee discussed trading directly south of the current water facility for the property housing Clinton street. The committee discussed ideas of how to better cause traffic to flow around the grade school. The Building & Grounds committee will present the idea to the full board at the March meeting.

The committee discussed the need for athletic equipment to drag the field. Many options were discussed and the matter will be brought before the board in March. Mr. Kenney discussed the need to replace the existing scoreboard that was damaged by weather. He has secured a new scoreboard to replace the damaged one. The matter will be brought before the whole board in March.

Mr. Richardson presented an update on the timeline for work to begin on the HVAC project at Brimfield grade. Some contractors will begin working second shift after students have been dismissed for the day. More equipment has been shipped than originally thought and the contractors are hopeful they can begin installing classroom units as early as spring break.

The meeting adjourned at 7:25 pm.

John Thompson, Board Vice President

Mark Hoerr, Board Secretary
