KEEPING PARENTS INFORMED

Parents, from now until the time your child leaves school, we will have student progress reports, parent-teacher conferences, grade checks, student planners, and a monthly newsletter--whatever is necessary to keep you informed about how your child is doing in school. If you have any questions and concerns, or if you need to discuss something in detail, feel free to call the school offices for an appointment to discuss concerns as they relate to your child's progress in school.

THREE DRIVING FORCES OF THE SCHOOL

School spirit may be divided into three categories:

1. **COURTESY**--toward teachers, fellow students, and officials
2. **PRIDE**--in everything our school endeavors to accomplish and has accomplished
3. **SPORTSMANSHIP**--the ability to win and lose gracefully

ASSEMBLIES

Appropriate student conduct is required at all assemblies or programs. Inappropriate conduct by a student will not be tolerated. It will be handled using the student code of conduct. Group misconduct may

result in the cancellation of the program or assembly or students being barred from future assemblies or other school functions.

GRADING

Conferences, Progress Reports, and Report Cards

We encourage parents to periodically check on their child's progress. Parents may schedule a conference with their child's teacher (s) by calling the school to schedule a conference with the teacher during her/his planning period or before or after school. Progress reports will be sent out at the end of the third week of each grading period. Reports Cards are given to students on the Thursday following the close of each six-week grading period. If your child does not receive a progress report at the end of the third week of each grading period or a report card on the Thursday following the close of the six weeks, please notify the principal.

Grading Scale**

Numerical Grade	Letter Equivalent
90-Above	A
80-89	B
70-79	C
60-69	D
59-Below	F

S=Satisfactory

U=Unsatisfactory

I=Incomplete

**Parents should encourage students to put forth their best efforts to receive the highest grade possible. This will increase students' chances of getting scholarships.

REQUIRED READING

A part of students' sixth-week grades will include a mandatory reading grade that counts as a test. The students will earn points for participating in the Accelerated Reading (AR) program. Those points will be translated into a test grade using the following scale.

Points Earned	Grade	Points Earned	Grade
30 or Above	100	10-14	60
25-29	90	5-9	50
20-24	80	1-4	40
15-19	70	0	0

MAKE-UP WORK

Students are required to make up all work missed due to absence. Students have one school day to make up work for each day they are absent. (A student who was absent three days would have three school days, including his or her first day back at school, to complete all missed assignments.) It is the student's responsibility, not the teacher's to obtain the makeup work. Any parent who wants to pick up work on the day a student is absent may call the school office. Parents who want to pick up work by noon should call before 9:00 a.m. Parents who will pick up work after school should call before 12:00 noon.

CLOSED CAMPUS

We have a closed campus for students. This means that students are to remain at school during school hours, including their lunch periods. Parents who want to take their children out of school during regular school hours should report to the office to sign out their children. Students not returning to their class after lunch will be counted absent or tardy. Checking out students, except in emergency situations, is discouraged.

PARKING REGULATIONS

Parking on school property is a privilege allowed for juniors and seniors driving a vehicle to school. Student drivers must have a valid driver's license and proof of car insurance. After arriving to school, students shall park their vehicle in the designated area for student parking. Parking decals can be purchased for \$25.00. Students will not be allowed to go to any car during the school day. Student drivers may not leave the campus at the end of the school day until the last school bus has left the campus. Students must be parked each morning at least five minutes before the official ringing of the bell to end breakfast. Students violating any written or verbal driving safety rules and procedures from administration are subject to being cited and/or have their parking privileges revoked with no refund of parking fee.

Only registered vehicles may be parked in the student parking area. Unregistered vehicles will be towed at the owner's expense. Vehicles must be locked at all times. The school is not responsible for any automobile or its contents. Student vehicles may be subject to search if there are reasonable grounds to believe that drugs, alcohol, stolen property, or other contraband might be present in the vehicle.

BOOK BAGS

Only clear or mesh book bags will be allowed. Random searches will be conducted periodically.

ATTENDANCE AT SCHOOL FUNCTIONS

Any student dismissed early, absent, or arriving at school after 11:30 a.m. will be ineligible to participate in any extracurricular activity for that day, except in extraordinary circumstances and with special permission from the principal.

Students who are suspended or attending In-School Suspension may not attend nor participate in any extracurricular activity during the period of the suspension or the day(s) of the ISS assignment(s). These students will be requested to leave the function or activity. Students violating these rules will have extra days added to their suspension or ISS assignment.

STUDENT APPEARANCE

Students will be expected to keep themselves well groomed and neatly dressed at all times. Students should remember that they represent their school to the community. Any form of dress or hairstyle that is considered contrary to good hygiene or that distracts or disrupts the learning environment will not be permitted. Failure to abide by the following rules may constitute a cause for disciplinary action

STUDENT DRESS CODE

Students are expected to dress in proper uniform attire. It will be the parents' responsibility to ensure compliance with the uniform dress code. All students who attend Aliceville High School must be in uniform. All students will wear the designated school attire. Slits, cuts, holes, shredded hem, slashes, etc. may not alter the clothing.

NOTE: Oversized clothing will not be permitted.

The designated uniform for students both male and female in grades 9-12 shall be:

Exceptions: If an entire class or group is given approval on designated days, then uniform exceptions will be allowed as approved by the principal.

STUDENT DRESS CODE VIOLATION

A student found to be in violation of the dress code will be required to call parent to bring appropriate clothing and to attend a conference with the principal/assistant principal. If the student does not receive appropriate clothing, the student will not be allowed to attend class and will be assigned to ISS.

REWARDS

Students will receive rewards in the following categories as determined by the school leadership team:

1. No Discipline Referrals
2. Perfect Attendance—Includes Unexcused Check-Ins
3. Citizenship—Community/School Service
4. Honor Roll

PRINTED MATERIALS

All printed materials, signs, or posters not sponsored by the school must have clearance through the principal's office before they are posted.

STUDENT COUNCIL

The student organization has two representatives from each homeroom. Elections for officers and representatives are held in the early fall. To participate, a student must meet all eligibility requirements. The primary objective of the council is to represent the student body in improving the school. Its funds are used for numerous projects to benefit the students and the school. An instructor is appointed to be the student council sponsor.

GUIDANCE

Guidance services are available for every student in the school. These services include assistance with educational planning; interpretation of scores; occupational information; study tips; help with home, school, and/or social concerns; or any question the student may want to discuss with the counselor. Students who want to visit a counselor should contact the counselor in the guidance office to arrange for an appointment.

The testing program is one method of determining the academic level, interests, and abilities of students. This information enables the school to assist all students in achieving success in school. Test information is available through the counselor to the student, parent, and teacher.

A cumulative record folder is kept for each student, which is a comprehensive record of the student throughout all his or her school years. Parents are always welcome to call or to make an appointment to visit.

TELEPHONE

Students will be allowed to use the telephone in the office only in case of an emergency. Students who use the telephone must have permission from the secretary or the principal. Students cannot make any long-distance call that will be charged to the school.

FUND-RAISING PROJECTS

Fundraising projects are undertaken to purchase extra instructional materials that the regular budget will not cover. Participation is optional.

LOST AND FOUND

The school keeps a lost and found box for the many items that are turned in each day. If a student loses something at school, he or she should check the lost and found box. All items brought to school should display the student's name, clearly written in permanent ink. If a student loses an item, it is not the responsibility of the school to find it.

HOMECOMING COURT ELECTIONS

Each homeroom will make nominations for 9th through 12th grade homecoming court. Club sponsors, the band director, and the football coach will also make homecoming nominations. Nominees will be submitted to the homecoming committee and the principal to confirm eligibility status one month before homecoming. Students will vote on the eligible nominees to determine the homecoming court at least one week prior to homecoming day. The homecoming fee will be \$8.00.

STUDENT DISCIPLINE

All students are expected to behave in a manner that is acceptable to everyone concerned—other students, teachers, administrators, and society in general. All students are under the authority of principal, teachers, and bus drivers. In serious disciplinary cases, students may be suspended from school for up to ten days. Expulsions may be for the current and following semesters.

Parents play a crucial role by supporting their children and the school. The school's aim is to work with students and parents in a positive manner. It is, therefore, of the utmost importance for the teacher to communicate with parents to secure their help, support, and cooperation. Parents will be contacted by the school concerning all disciplinary actions administered by school officials. This notification will be sent home via discipline referral by the student. If you would prefer a phone call or letter notification rather than a discipline referral sent by student, please notify the office to make arrangements.

DISCIPLINE AND CONTROL

The teacher or administrator shall have the same right as a parent or guardian to control and discipline a child while the child is in attendance in school or in school vehicles to or from the school or while attending or participating in any school function authorized by the school district.

All students enrolled in the school will be expected to abide by the rules and regulations set forth by the administration, teachers, and the board of education while in attendance at school or school-sponsored activities, or while being transported to or from school or school-

sponsored activities in district-owned transportation equipment. Any student who is found to be disobeying the rules or showing disrespect for any teacher and/or school property will be subject to disciplinary action. The disciplinary action to be taken will depend on the severity of the violation and the number of times the student has broken regulations.

DISRUPTION OF SCHOOL

A student shall not by use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or any other conduct intentionally cause the substantial and material disruption or obstruction of any lawful mission, process, or function of the school. A student who fails to comply with directions of teachers, student teachers, substitute teachers, teacher aides, principals, or other authorized school personnel during any time when he or she is properly under the authority of school personnel shall be in violation of school rules and regulations.

VANDALISM AND PROPERTY DAMAGE

The school building and equipment cost the taxpayers to construct, purchase, and maintain. Students who destroy or vandalize school property will be required to pay for losses or damages. If students willfully destroy school property, suspension and subsequent expulsion may be necessary. If a student should damage something by accident, he or she should report it to a teacher or to the office immediately.

PROFANITY/OBSCENITY/PORNOGRAPHY

The use of obscene language constitutes a serious offense and is in direct violation of school policy. A student who engages in such acts will receive severe discipline that could result in in-school suspension or expulsion from school. Pornography in any form is unacceptable.

This includes visiting inappropriate sites on the computer or pornographic materials on cell phones. Students found to be in possession of pornography or pornographic materials may be subjected to in-school suspension, suspension, or expulsion. Parents will be contacted on the first offense.

SEXUAL DISCRIMINATION AND HARASSMENT

Sexual harassment is recognized as a form of sex discrimination and thus a violation of the laws that prohibit sex discrimination. A learning and working environment that is free from sexual harassment shall be maintained. It shall be a violation of policy for any member of the district staff to harass another staff member or for students to harass other students through conduct or communications of a sexual nature. Unwelcome sexual advances, requests for sexual favors, or other

verbal or physical conduct of a sexual nature may constitute sexual harassment.

ACADEMIC DISHONESTY

Academic dishonesty is the failure to maintain academic integrity. It includes both cheating and plagiarism. The term “cheating” is the act of obtaining or attempting to obtain, or helping in obtaining, credit for academic work through any dishonest, deceptive, or fraudulent means. The term “plagiarism” is intentional or negligent presentation of another person’s idea or product as one’s own. Students who are found to be guilty of academic dishonesty will receive a zero for the assignment and may be assigned in-school or out-of-school suspension.

REPEATED MISCONDUCT

Severe misconduct or repeated misconduct at school activities, or when going to and from school, will result in more severe consequences. Parental support for school-assigned consequences is extremely important in the process of modifying student behavior. Students failing to serve any assigned consequences will receive additional consequences until the original consequence is served.

PREVENTING BEHAVIOR PROBLEMS

Prevention is the name of the game. In the interest of insuring that school time is focused on learning, parents are encouraged to openly communicate with their children and work with school personnel to prevent behavior problems. The following are suggestions for parents that may help them in improving communication between them and their children:

- Listen to your children!
- Hear their needs!
- Be positive!
- Be honest!
- Discipline when necessary!

Parents should not depend on efforts outside the home. Only parents can communicate effectively within a family situation. The school reserves the right to refer a student to the appropriate community agency.

DETENTION

Teacher-assigned detention is assigned by a particular teacher to occur after school. The detention is served in the teacher’s classroom. After school detention requires students to remain at school after the regular

school day has ended for the time designated by administration in the designated detention area. Parents or a designated person from the checkout form must provide transportation from the after-school detention program. Student will be notified at least one day in advance before he is assigned to after-school detention. This will allow the student to make arrangements with a person on her/his check out sheet for pick up after the detention has ended.

CHANGE OF ADDRESS

All serious accidents or illnesses are reported to parents. Parents should keep the school informed during the school year of changes in telephone numbers, mailing addresses, and/or persons to contact in case of an emergency. It is absolutely necessary to have telephone numbers available to reach parents.

CONSEQUENCES FOR VIOLATION OF SCHOOL RULES

Students who have violated school and/or classroom rules will receive disciplinary action that is appropriate for the particular offense(s). Efforts will be made to communicate with parents to help prevent further misconduct by students. Each time students commit an offense against an established rule, they may proceed through one or more of the following steps:

Student Conference with Teacher and/or Administrator

Assignment of one or more of the following:

- After-school detention
- Work detail
- In-school detention (morning, afternoon, or whole day)
- In-school suspension
- Saturday school
- Suspension from school (one to ten days)
- Evidentiary hearing results (modified schedule, referral to appropriate community agency, referral to alternative education, or expulsion)

Parent contact:

- Letter or disciplinary notice
- Telephone call
- Conference

IN-SCHOOL SUSPENSION

In-school suspension removes students from the regular school program for a designated period of time. The in-school suspension

program will be a highly structured class situation with emphasis placed on intensive student work. Students who refuse in-school suspension or fail to adhere to the policies set forth in the student handbook can be suspended from school. When the student then returns to school, he or she will be required to complete the in-school suspension penalty before returning to regular classes.

SATURDAY SCHOOL

Saturday school and supervised study will be used in two ways:

Mandatory attendance: As a form of discipline, students will be assigned to Saturday school.

Optional attendance: Students who have been suspended will have the opportunity to make up the academic assignments they missed during the suspension period (one Saturday for each day suspended). If no assignment was given in a class during the student's suspension, the student will receive an assignment to complete. This assignment will eliminate the zero, but the student will not receive an additional grade for completing the assignment.

Saturday School is intended to encourage a positive change in attitudes and behavior on the part of students who are habitually disruptive in school or classes. The program also will provide the habitually disruptive student with an alternative to suspension from regular school program.

Assignment to Saturday School will be based upon any violation of a rule that would ordinarily cause a student to receive in or out-of-school suspension and/or expulsion. The school principal or his/her designee will hold a conference with the student and advise him/her of the violation and length of referral. Parents/guardian will be notified of the violation and length of referral time.

Failure to report to Saturday School will result in three days of in-school suspension from regular school or possible expulsion.

Excused absences require a written excuse from a physician or the school principal. Students who have excused absences will report to Saturday School on subsequent Saturday(s).

Any student who is referred to Saturday School will be suspended from practice and participation until length of referral time is satisfied.

Requirements of Saturday School

The parent/guardian will be responsible for transportation of his/her child to and from Saturday School. Attendance is mandatory. Students who fail to report as assigned will be suspended for three days and reported to the juvenile authorities with the appropriate action being taken or face possible expulsion. Assigned students will be responsible for bringing all school materials required (i.e. books, paper, pen, and pencils). Appropriate reading material may be brought to school.

All policies of the Pickens County Board and rules of the Saturday School must be followed at all times. Parent(s)/guardian(s) will provide a sack lunch, which the student will bring to school. The lunch will be eaten in the room. There will be absolutely no visitation allowed at Saturday School.

SUSPENSION

After investigation, if investigation is deemed necessary by the principal, the principal may order a student to be suspended from class or from school for a period up to and including ten days and possible expulsion by the board of education for the remainder of the semester and up to one additional semester.

EXPULSION

An expulsion is a disciplinary measure whereby a student is excluded from attending school for a designated period of time. For all recommendations for expulsion, an evidentiary hearing will be arranged within three days from the time a charge is made against the student unless a mutual agreement is made between the building principal, student, and parents for an extension of time. The parents or legal guardians should be encouraged to participate in this hearing.

When considering expulsion of a student, the principal or superintendent should mail a notice of an evidentiary hearing to the parent/guardian of the student. This notice should include:

- Time and place of the hearing
- Description of the proposed action
- Description of the school regulation(s) allegedly violated by the student and act(s) allegedly committed by the student
- Name of witness who will be present

ATTENDANCE

Attendance is very important in the attainment of a good education. Parents should call the school each day their child is absent. If they

cannot call, parents should send a note to school when the student returns. Students who leave during the day must be checked out through the office by their parents. Someone from the office will call the student from the class. When the student returns to school, parents must check the student into school at the attendance office. . Students must be in attendance in each class for at least thirty minutes to be counted present in that class. For the purpose of awards, students who have been counted absent in any class will not receive a perfect attendance award.

CHECK-IN PROCEDURES

Students are expected to arrive on time each school day. When a student is late to school, the student along with an approved person from student's check-out form must report to the main office and sign in upon arrival at school before going to class. No school personnel will be allowed to check a student (other than parents or grandparents) in or out of school. The student will receive a pass, which he/she must have to enter class. A parental note will not be accepted to excuse students for being late to school. Failure to sign in will result in disciplinary action.

CHECK-OUT PROCEDURES

In order to check out of school, a person listed on the student's check out form must sign the student out of school in the main office. In an effort to protect instructional time, students should be checked out of school only during the last five minutes of each period. A notarized check-out form must be on file in the office for each student who wishes to check out of school before the end of the school day. Please see bell schedule in front of this handbook to determine the exact times.

NOTE: Classes **WILL NOT BE DISTURBED** to check students out **AT ANY OTHER TIMES** unless there is an extreme emergency approved by administration.

TRUANCY

Being absent from class or classes without permission constitutes an unexcused absence and an act of truancy. There is no legitimate reason for cutting class or skipping. Cutting class will result in one day of in-school suspension for every day truant. Severity of discipline will depend on the record of the student and the frequency of the offense. A parent conference with a school official will be required before admitting a student who has been truant.

PREARRANGED ABSENCE

A prearranged absence may be authorized depending on the

circumstances of the specific situation. A student may prearrange an absence under the following conditions: A notice of three to five days before the absences should be provided in writing from the student's parent(s) or guardian(s). Notice of less than three days will be considered on an individual basis.

HALL PASSES

It will be a requirement for students to have a Student Handbook in his/her possession at all times when in hallways during class time. Handbooks signed by the appropriate teacher or administrator will be used as a pass for authorized tardiness. Therefore, a student may be punished if he/she is caught in the hallways or on campus during class time without his/her handbook. Students will be issued their first handbook free of charge. However, if a student loses a handbook, he or she will have to pay \$5.00 for a replacement.

STUDENT TARDINESS

Students are encouraged to be on time for all classes. If they are tardy, the following will take place: Students are reported as absent if they are not in their first period class by the time the start of school tardy bell rings.

- Upon the first tardy, students will be checked in as unexcused and parents will be notified.
- When a student has two tardies, he/she will be checked in as unexcused, parents will be notified, and student will be required to serve early morning detention.
- When students are tardy three or more times, they must be checked in by parent or other authorized person.

If student cannot get someone to check him/her in, he/she will be assigned 1 day ISS. Students must be checked into school by a parent/guardian or authorized check-in/check-out form designee. These late arrivals also require the proper documentation to be counted as excused (doctor's note or legal note).

For periods 2-8, the teacher will enter tardy into STI. Unexcused absences will be handled according to procedures listed under absences for the Pickens County Schools Handbook.

STUDENT HEALTH AND SAFETY

Our school is making a special effort to help students establish good health habits and stay healthy. The success of our efforts, however, depends on parental follow-through at home. Students will be sent home if they have elevated temperatures, are vomiting, have diarrhea, have an undiagnosed skin rash, have red, inflamed eyes, or have other

symptoms that warrant notification of parents.

VISITORS

Parents are invited to visit the school as frequently as they want. All visitors are asked to report to the office upon arrival at school. Student visitors or younger relatives will not be permitted at any time. If, in the judgment of the school principal, the visit is inappropriate, the visitor(s) will be asked to leave.

BUS POLICIES

Bus transportation to and from school is a privilege. The behavior of students on school buses is a concern of everyone involved with school transportation. It is the responsibility of each bus rider to behave in an orderly and courteous manner to ensure the safety and well being of all passengers. Students should obey the bus driver at all times and treat the driver with the same courtesy they show their classroom teachers. Bus rider's rules are clearly posted in each bus. Students should review these rules regularly and ask the bus driver for clarification of the rules if needed. Parents will be notified if there is misconduct by a school student on the bus. If such misconduct continues, school authorities may suspend the student's bus riding privilege.

BUS SAFETY RULES

- Be on time to the stop.
- Stay off the road at all times while waiting for the bus.
- Never walk toward the bus when it is moving.
- Sit in the first empty space on the bus.
- Help the driver by being quiet on the bus.

- If you drop something while getting off the bus, wait until the bus is gone to go back for it. The driver cannot see beside the bus.

ACTIVITIES TRANSPORTATION

Any student who rides to an event on a school bus will also return home on the bus unless the sponsor has written or personal permission from the parents for the student to return home some other way. Special permission forms may be obtained in the office.

CAFETERIA

Each teacher is to sit with his/her group in the cafeteria and escort them

to and from the classroom quietly. The teacher is expected to remain in the cafeteria during the entire time his/her pupils are there.

- Pupils should not run or break line.
- Each pupil should buy her/his own lunch. Free lunch tickets are to be used by the designee only.
- Each pupil is to pick up only one set of silver.

EMERGENCY DRILLS

Emergency drills will be held regularly as specified in School Board Policy and State Board of Education regulations. All students will comply with established evacuation procedures and the specified instructions of staff personnel.

ACADEMICS FIRST (NO PASS NO PLAY)

Pickens County Schools recognize the value of athletics and other extracurricular activities as they relate to the total education of students. We also recognize and support high academic standards and the necessity of developing a framework to annually assess each athletic and extracurricular student's progress toward graduating from high school on schedule with his/her class.

Pickens County Schools prescribe the following regulations for eligibility by students in this school system to participate in athletics and/or extracurricular activities:

1. Students entering Grades 10-12 must, from the previous school year, have a passing grade and earn the appropriate number of credits in each of six (6) subjects that total six (6) Carnegie units of credit, including four (4) credits from the four (4) core subjects composed of English, science, social studies, and mathematics.
2. Physical Education may count as only one (1) unit per year.
3. No more than two (2) Carnegie units may be earned during summer school. If a unit(s) or subject(s) is repeated in summer school, the high numerical grade for the unit(s) or subject(s) may be used to compute the composite grade average.
4. Students deemed ineligible at the beginning of the school year by virtue of having failed to meet the requirements outlined above may regain their eligibility at the end of the first semester by meeting the requirements for eligibility in the two most recently completed semesters, including summer school. Eligibility restoration must be determined no later than five (5) days after the beginning of the succeeding semester. An ineligible student may not become eligible after the fifth day of each semester. Bona fide transfers may be dealt with according to rules of the Alabama High School Athletic Association for sports and rules to be developed by each local board of education as they pertain to other extracurricular activities.
5. Each eligible student must have a minimum composite numerical average of 70 on the six (6) Carnegie units from the preceding year, including summer school. Summer school work passed may substitute for regular schoolwork repeated in computing the 70 average.
6. Each eligible student involved in athletics must meet the definition of a regular student as defined by the Alabama High School Athletic Association.
7. Any student who earns more than four (4) credits in the core curriculum in any given year or who accumulates a total in excess on the required four (4) per year may be exempt from earning the

four (4) core courses in the succeeding year as long as that student remains on schedule for graduation with his/her class.

Students entering grades 8 and 9 must, for the immediately preceding school year, have a passing grade in (5) subjects with a composite numerical average of 70 with all rules applying the same as students in Grades 9-12. Students promoted to the seventh grade for the first time are eligible.

FIELD TRIPS

Field trips are considered to be an integral part of the overall educational program of Pickens County Schools. They are recognized as a means of providing a valuable and enriching learning experience for students outside the normal school setting. Only those field trips that grow out of the instructional program or are otherwise related to the program are to be permitted on school time. All field trips should be appropriate to grade level and subjects. Other trips such as those involving band and athletic activities should be confined to non-school time except where the school is engaged in an activity, competition, or contest that requires use of school time. School rules and regulations as stated in the Student Code of Conduct will prevail at all time.

Before any trip is taken, a completed and signed Pickens County Schools' Parental Permission Form shall be secured from each student planning to go on the field trip. Students who have not submitted a signed Parental Permission Form shall not be allowed to take the trip. Students participating in a series of trips, such as football, basketball, etc., may submit one Parental Permission Form to cover all trips associated with the activity.

All field trip passengers must be enrolled in school and a member of the class making the trip, be an employee of Pickens County Schools, or be designated as a chaperon by the field trip sponsor and approved by the principal.

Any girls not interested in running must see the Student Government sponsor to have her name taken off the ballot.

MEDICATIONS AT SCHOOL

The goal of Pickens County Schools' regarding the administration of medication during school hours is to assist students in maintaining an optimal state of wellness, thus enhancing the educational experience.

Minor illness should be treated at Away by the parent/guardian. For example, a student with a cold severe enough to require medication should remain at Away.

Medication prescribed for three times a day should be given at Away – just before leaving for school, upon returning Away in the afternoon, and at bedtime. The only exception to this schedule is medication that must be given before or along with meals.

Pickens County Schools will assist the parents when they delegate administration of medications to the school their child attends. The School Health Services will provide instruction to the person(s) designated by the principal to administer the medications.

Minor cuts and bruises may be treated by the school nurse or office staff. If a child becomes sick the nurse will check the student first, and then if the student has an elevated temperature and needs to go home, the nurse will try to contact parents, then the alternates as listed on the registration form. It is very important that the persons listed on the registration form have working phone numbers. Parents are encouraged to complete all parts of the emergency form and updated if there is a change. SAFE SCHOOLS HOTLINE
728-5437

1-888-SAV KIDS OR 1-888-

School safety has been and continues to be a critical issue in the lives of students, educators, parents, families, and community members. Students struggle to learn when their safety is threatened. Educators are less able to provide effective instruction in an environment, which they feel, is unsafe. Therefore, it is imperative that our school system and each school make every effort to ensure the safety of their students and those that teach them. To accomplish this task all schools in Pickens County have a State Department of Education accepted comprehensive safety plan. In order for those plans to be effective, it is important that students or parents report any information concerning

the safety of students or teachers. The above hotline number can be used to report any information concerning the safety of the school.

STUDENT SEARCHES

In order to ensure student and faculty safety, it may be necessary to conduct searches for illegal weapons or items as stated in Code 3.11, and/or controlled substances that may be in violation of the law or the student code of conduct. Pickens County Schools may use metal detectors and/or periodic dog searches for illegal substances or weapons. Any student or property on school grounds (cars, lockers, purses, bags, etc.) may be subject to search by school authorities.

Pickens County Schools' believe that all children have the right to be in a school environment which promotes, enhances, strives to become, and maintains a drug-free student body and school system.

TEXTBOOKS

All textbooks issued are the property of the State of Alabama and the public school system and shall be retained for normal use only during the period pupils are engaged in the course of study for which the textbooks are selected. Textbooks issued to pupils may be used in the same manner and to the same extent as though such books were owned by the pupil; except that pupils must recognize their responsibility for the proper care of books checked out to them by observing the following practice:

1. Keeping the book clean outside and inside.
2. Refraining from marking the book with pen or pencil.
3. Keeping the pages free of fingerprints.
4. Avoiding turning down, tearing, or otherwise damaging pages.
5. Refraining from placing the book where it may become soiled or damaged by the weather.
6. Keeping the book protected with a book cover, if possible.

Parents and pupils must accept liability for any loss, abuse, or damage in excess of that which would result from normal use. For such loss or damage, the pupil will be assessed a fee adequate to replace the damaged or lost book. No textbook will be issued to any pupil until all charges for lost or damaged textbooks have been paid. All textbooks must be returned to the issuing school by the pupil when the pupil is promoted, transferred, or withdrawn from attendance.

TRANSPORTATION OF STUDENTS IN PRIVATE VEHICLES

The **Code of Alabama 16-27-1 and 16-27-3** and federal law requires that students transported to and from school and school-related events must be transported in vehicles that conform to applicable state and

federal safety specifications for a school bus. Since private vehicles do not meet state and federal standards for transporting students, students will not be transported to or from any school-related activities in cars, vans, or any vehicle that fails to meet state and federal guidelines for transporting students.

UNSAFE SCHOOL CHOICE OPTION

1. Definitions: A transfer option school (TOS) in the state of Alabama is one in which for three (3) consecutive school years the school has expelled one percent (1%) of the student population or five (5) students (whichever is greater) for violent criminal offenses committed on school property during school hours or committed at school-sponsored activities. The words “transfer option school,” “TOS”, or “TOS school” shall mean a “persistently dangerous school” as those words are used in the No Child Left Behind Act of 2001, **Public Law 107-110, Title IX, §9532(a)** and (b). For the purpose of this definition, a “violent criminal offense” shall mean homicide; robbery; assault in the first and/or second degree; sexual battery (including rape) as these offenses are defined in the Criminal Code of Alabama (see **§ 13A-6-1, et. seq., Ala. Code 1975**); and use of a handgun, firearm component, explosive, knife, and other “unknown weapons” as defined by the Student Incident Report (SIR).
2. A student who becomes a victim of a violent criminal offense committed on school property during school hours or at school-sponsored activities shall be given an opportunity to transfer to a safe public school within the LEA. The LEA shall notify the student’s parent/guardian of the right to transfer as soon as practicable, not to exceed ten (10) calendar days from the date of a final determination by the school board or its designee that a violent criminal offense has occurred. All LEA transfer procedures will be observed. It shall be the policy of the Alabama State Department of Education (SDE) to notify the LEA annually when one or more of its schools have been identified as a transfer option school. Each Superintendent or his or her designee shall orally notify the Prevention and Support Services Section of the State Department of Education within twenty-four (24) hours of the decision that a violent criminal offense has occurred, followed by written confirmation. The State Department of Education will assist the LEA in resolving all safety issues. At a minimum, an LEA that has one or more schools identified as persistently dangerous must:
 - Step 1 Notify parents/guardians of each student attending the school within ten (10) working days that it has been identified as a transfer option school and offer

- students the opportunity to transfer to a safe public school within the LEA if another school is available.
- Step 2 Complete the transfer for those students who opt to do so within 20 working days.
- Step 3 Develop a corrective action plan to be submitted to the SDE for approval within 20 working days of the LEA's receipt of status.
- Step 4 Implement the corrective action plan.

Once a school has been identified as a transfer option school, it can return to safe status by (1) completing Steps One through Four above and (2) completing two consecutive years with less than one-percent (1%) of the student population or five (5) students (whichever is greater) expelled for violent criminal offenses as defined in its policy.

STUDENT CODE OF CONDUCT

OBJECTIVE

It is the objective of Pickens County Schools to provide a student code of conduct that will guide students, teachers and principals in the daily operations. It is intended that this code be consistent yet flexible enough that the individuals not be lost in rules. The code has been developed to ensure the legal rights of students and teachers, promote respect for people, property and establish and maintain an environment appropriate for learning. Its purpose is to prevent inappropriate behavior, promote behavior changes conducive to orderly operation of our schools and develop self-discipline and self-respect.

Classification of Violations

Violations of the Code of Student Conduct are grouped into three classes—Class I: Minor Offenses, Class II: Intermediate Offenses and Class III: Major Offenses. Before determining the classification of a violation the, principal, or his/her designated person(s), will consult with the involved student(s) and school personnel. Once the classification of the violation is determined, the principal or his/her designated person(s) will implement the disciplinary procedure.

Each classroom teacher will deal with general classroom disruption(s) by taking in-class disciplinary action, by making a personal call to the parent(s) or guardian when feasible, and/or by scheduling conferences with the parent(s) or guardian and other school staff. When the action taken by the teacher is ineffective, or the disruption is severe, the student should be referred to the principal or his/her designated person(s). Failure to bring notebook, pencil, books or required materials and equipment to class; failure to do homework; or failure to

do work in class are not cause for disciplinary referrals, however, defiance of a teacher in regard to these areas is cause for disciplinary referral. In-school suspension is a structured disciplinary action in which a student is isolated or removed from regular classroom activities but is not dismissed from the school setting. The school principal or his/her designated person(s) has the authority to suspend students or to deny a student the privilege of riding a school bus based on the misconduct of the student. This action will be for one to five days for a single infraction.

NOTIFICATION

Prior to suspension the student and parent or guardian will be made aware of the charges and given an opportunity to respond to them. Written notice will be sent Away stating the reason(s) such action was taken.

Immediate suspension of a student is justified when the student’s presence would threaten others, himself or herself, endanger school property, or seriously disrupt the orderly educational process. Principals are given the authority to have the law enforcement agency remove uncooperative students. If immediate removal is necessary, the parent(s) or guardian will be notified by phone, if possible. The necessary notice and conference will follow within twenty-four (24) hours of the action.

LENGTH

The suspension of a student is not to exceed five (5) days except as follows:

1. If an incident or violation causes the principal to recommend the expulsion of a student, the suspension shall remain in effect until such time that action upon the recommended expulsion is taken.

TERMS

1. If a student attends a parent school and an extended campus and is suspended from either school, the suspension will include both schools. The principals of the schools or their designated person(s) must notify each other of all suspensions.
2. During the suspension period, a suspended student cannot attend school functions or enter school property for any reason during or after school.

3. When a student is suspended, his/her teacher must be notified immediately concerning the date of suspension and the number of days suspended. Teachers are not required to provide make-up work for students who are suspended out of school.
4. A student who has been suspended from school is not eligible to enroll in any other school in the system until such time that he/she is reinstated in the school from which he/she was suspended. The Superintendent or his/her designated person(s) and the principal will discuss student transfers.

REMOVAL OF SPECIAL EDUCATION STUDENTS

A school principal may remove a student with a disability for not more than ten consecutive school days for any violation of school rules to the same extent he/she removes students without disabilities. Services do not have to be provided to students with disabilities during the removal if services are not provided to students without disabilities. Whenever a school principal determines that a student with a disability needs to be removed from the current placement for a violation of a school rule, the principal must notify the student's parents of the disciplinary action on the date the decision is made to remove the student and provide the parents with a copy of the procedural safeguards notice as well contact the students' case manager (special education teacher).

READMISSION

When a student returns to school after suspension, the readmission must be preceded by a conference with the principal or his/her designated person(s). The conference must include the parent(s) or guardian unless otherwise approved by the principal. The student is readmitted to class with a form or slip signed by the principal.

EXPULSION OF STUDENTS

Expulsion is defined as "the removal of the right and obligation of a student to attend public school under conditions set by the School Board". The principal has the final authority to recommend to the Superintendent's office the expulsion of a student. In accordance with the Alabama State law requiring compulsory attendance, the Pickens County Board of Education will make the final disposition on an expulsion recommendation.

The school principal is initially responsible for determining that an offense for which expulsion may be warranted has been committed. The procedures listed will be followed:

NOTIFICATION

1. Immediately following any incident or violation of a school regulation, which may result in a recommendation, by the principal to expel a student, the principal is authorized to suspend the student for as many as ten (10) school days pending a hearing for expulsion. The principal will notify the student and the parent(s) or guardian of that fact and will at the same time notify the student and parent(s) or guardian that the information or data obtained by the principal's investigation of the incident will be made available. This notice should be given to the parent(s) or guardian prior to the expulsion recommendation.
2. After the completion of the full investigation of a violation, which may result in a recommendation for expulsion, the principal will, based on the facts, specify whether to recommend student expulsion. He will immediately notify the student and the parent(s) or guardian of the findings and the reason for the recommendation. The principal will attempt to give this notice in a letter to the parent(s) or guardian. The principal's conclusions should be based on the documentation of the facts pertaining to the incident. Said documentation will include all information available including, but not limited to, the following categories:
 - A. An operational definition of the offense(s)
 - B. A detailed description of the offense(s)
 - C. The time, date and location of the alleged offense(s)

The documentation will be forwarded to the Superintendent or his/her designated person(s).

After a review of the principal's recommendation, the Superintendent or his/her designated person(s) will, within the suspension period imposed, request a conference with the parent(s) or guardian of the student. The purposes of the conference are:

1. To explain the procedure orally and in writing to the parent(s) or guardian and student.
2. To determine if a mutually agreeable alternative to expulsion is appropriate.

HEARING

1. Upon receiving from a school principal a recommendation to expel a student, the superintendent or his/her designated person(s) will provide the parents or guardian an opportunity to request that the matter be resolved at an administrative

- hearing conducted by the superintendent or his/her designated person(s).
2. During the administrative hearing, the principal or the Superintendent may conclude that disciplinary action other than expulsion is warranted because of extenuating circumstances. If the superintendent or his/her designated person(s) agrees that extenuating circumstances exist, the student can be readmitted to school. Re-admittance is subject to the superintendent's approval.
 3. If the matter is not resolved at the administrative hearing and the superintendent makes the decision to recommend expulsion of a student, he/she will place the matter on the agenda for the next school board meeting, unless such a setting would be too soon to provide time for the parent(s) or guardian and student to comply.
 4. The superintendent or his/her designated person(s) will give notice by registered mail or hand delivery to the parent(s) or guardian that expulsion is recommended. The superintendent's notice will state the exact time and place of the hearing and inform the student or parent(s) or guardian that the student has a right to attend the hearing, to be represented by an attorney or other representative, and to present matters relating to the recommended expulsion.
 5. The notice from the superintendent will be mailed at least ten (10) days prior to the meeting at which the student's expulsion will be recommended. In the notice, the student and the parent(s) or guardian will be informed that a desire to present matters at the hearing must be made known to the superintendent within five (5) days after receipt of the notice, and that failure to express such a desire within the prescribed period of time will waive the right to present such matters.
 6. At the school board meeting in which the expulsions of a student will be considered, the board will first give to the principal, the superintendent and to any who might present testimony relevant to the recommended expulsion an opportunity to describe the incident or violation and to report findings concerning the recommendation. Each school official or witness will be limited to a maximum of ten (10) minutes in describing the incident or violation, or in presenting other testimony. No cross-examination of school officials or other witnesses will be permitted during their presentation; however, the student, parent(s) or guardian and person(s) representing the student will be permitted to question school officials or other witnesses after completion of their statements.

7. Upon completion of the presentation of findings by school officials and relevant testimony by other witnesses, the student or his/her representatives will be given a maximum of thirty (30) minutes to present any matters which the student or his/her representatives consider relevant to the student's expulsion.
8. Immediately following the presentation by the student or his/her representatives, the Superintendent will recommend to the School Board the formal action which he/she deems appropriate and just. Thereupon, the School Board will vote on the action recommended by the superintendent. If the action of the School Board is to expel the student, the action will specify a period of time for the expulsion.

TERMS

1. The expulsion of a student will prohibit the student from attending any school in Pickens County Schools' during the period of the expulsion.
2. A student may lose his/her academic credit if:
 - A. He/she is expelled prior to taking six-weeks or semester exams.
 - B. He/she is removed from the school attendance roll through the expulsion process.
3. A student cannot request make-up work if he/she is expelled from school.
4. A student may not attend extra-curricular activities that are described as public activities such as football, baseball, volleyball, or basketball games. Any student who is expelled from school cannot visit or otherwise be in attendance on any school campus in the system while he/she is expelled from school.

GUN-FREE SCHOOLS ACT & STATE LAW

CREDIT RECOVERY

In accordance with the new guidelines released by the Alabama State Department of Education, the Pickens County School District will offer students who have failing grades in courses that are required for graduation an opportunity to recover the lost credit through a standards-based approach that will target **specific knowledge and skill deficits** instead of requiring students to repeat the entire course. Students who qualify may contact their school's counselor to enroll in the Pickens County Schools Credit Recovery Program. If accepted into the program, students will complete Credit Recovery courses aligned to the Alabama Course of Study standards using Compass Learning computer software and ACCESS.

Student Failure Reports

Teachers that have students with failing grades in courses that are necessary for graduation will be required to submit a student-specific report which identifies course standards that were not met in the applicable grading term. (See Attachment B). These reports may be used in combination with course and skill-specific diagnostic tools provided through software vendors and/or school or school-system assessments, **all of which must be aligned with the Alabama Course of Study content standards for the course being pursued through Credit Recovery.**

Student Eligibility, Admission, and Removal

Instruction may be delivered through a combination of computer-based instructional software and targeted small-group instruction supervised and managed by an approved adult board employee. Credit Recovery teachers will receive training pertaining to effective course organization and operational management of the applicable computer-based instructional software.

An individual student prescription will be developed by the Credit Recovery teacher based on failure reports completed by the student's teacher of record and skill-specific diagnostic tools which are offered by the computer-based instructional software or other approved assessments. The Credit Recovery teacher will use his or her professional judgment of this data along with any further diagnostic device deemed necessary to develop a prescriptive plan for specific standards for remediation targeted to individual students.

The student must complete his or her individual remediation plan within the published operating dates and hours of the Credit Recovery Program. Students may attempt to recover multiple credits, but one credit must be completed before attempting the next.

Instructional assignments, whether computer-based or teacher-based, will be aligned with the Alabama academic content standards approved by the Alabama State Board of Education.

Grade forgiveness will be used, whereby the original failing grade is replaced by the Credit Recovery grade for computing grade-point averages. The original failing grade must remain on the transcript.

In the event that issues not addressed above arise, the principal will have the final authority to make decisions related to Credit Recovery.

CREDIT ADVANCEMENT

The program allows students who already know most of the standards taught in a particular course to prove mastery of course content by successfully completing a pretest and posttest in that subject. VIRTUAL EDUCATION PROGRAM

Virtual education or online learning is an instructional delivery method that is not dependent upon the student and teacher being in the same location. Courses are offered via the internet. The courses offer a flexible pace, schedule, and location.

The student will have a virtual education facilitator at each local school as well as the Guidance Counselor who are responsible for teaching and monitoring student achievement. Students will be able to communicate with their virtual facilitator regarding course content by phone, through email or interactive online tools.

Scope and Delivery

The Board provides a virtual education option for grades 9-12 that includes, at a minimum, all courses that are needed to obtain a high school diploma. Each student and their parent(s) will develop a customized learning plan with an administrator and/or counselor that allows teachers to utilize the system's instructional policies and procedures, Alabama's College and Career Standards, best practice

frameworks, state assessments and PLAN 2020 when developing and building lessons and facilitating classes.

Students work at their own pace with the instruction and support from the Alabama State Department of Education's ACCESS program and/or our district approved Learning Management System, Compass Learning. Instruction is delivered through non-traditional virtual facilitation. All Pickens County School courses are accredited and approved by the Pickens County Board of Education.

Eligibility Criteria

Students who meet the following requirements are eligible to participate in the virtual education program:

- Enrolled in Pickens County Schools
- Provide their own computer, Internet access and an email account. Computer and internet access are not provided by the local school or district.
- Compliance with the District's Internet Acceptable Use Agreement
- Successfully complete a district-defined virtual education orientation course
- Meet any eligibility requirements of the Alabama State Department of Education's ACCESS program, if applicable.
- Meet school system enrollment requirements for the course in question including, but not limited to, successful completion of any prerequisite courses.
- Have and maintain an overall 2.0 GPA
- Demonstrate a proficiency in reading/comprehension and computer navigation skills
- Provide their own transportation to and from the local school for conferences, unit and semester tests, as well as all Alabama State Department of Education mandated assessments.
- Students will be required to schedule tests with the local school counselor.

Monitoring Guidelines and Testing Protocol

Our Virtual Education option is governed by the policies and procedures of Pickens County Schools. All policies adopted by the Pickens County Board of Education and all applicable administrative

code and laws adopted by the State Board of Education and Alabama Legislature are applicable (to the extent that they are not otherwise waived pursuant to the Alabama Accountability Act of 2013). All policies and procedures adopted by the Pickens County Board of Education apply to the Virtual Education option unless expressly stated within this policy.

Individual student performance will be monitored pursuant to the school system's traditional academic credit requirements and grade scale. Students utilizing the virtual education option will be subject to all state testing and accountability requirements and will be subject to the same rules and regulations regarding the administration of such tests applicable to traditional public school students enrolled in the traditional public school.

The Superintendent is hereby authorized to take whatever action may be necessary to facilitate the state testing and accountability requirements applicable to virtual education students. The school system reserves the right to require students utilizing the virtual education option to participate in state testing and accountability requirements on campus at a date and time selected by the school system.

Course assessments are a part of online courses. If an assessment needs to be proctored, it must be proctored at the local school. Students in Grades 3-12 taking virtual education (online) courses are required to participate in the Alabama State Department of Education assessments: ACCESS for ELL, AAA, Scantron, PreACT, ACT Plus Writing, and ACT WorkKeys. Students will be able to take the assessments at his/her local school during the testing window.

Withdrawal

Pickens County Schools strives to ensure that our traditional, blended, and virtual teaching and learning models offer the best educational placement for each student enrolled. When in the best interest of the student, students will be withdrawn from underperforming classes and enrolled in a more appropriate placement option. Withdrawal reasons include, but are not limited to, the following:

1. During the first three weeks of the semester, the student has made no significant progress in his or her course(s),
2. The student has extensive, documented, blended or virtual truancy issues and needs the accountability of daily physical attendance at a traditional setting or school,
3. The student is no longer attending a Pickens County School,

4. The student no longer qualifies for enrollment because of the 2.0 GPA requirement.

Students not actively participating in the blended or virtual course(s) during the first three weeks of the semester will be transitioned back to their zoned school. Full-time students utilizing blended and virtual classes and no longer meeting the GPA requirement will be withdrawn from those classes, at the end of the semester, and transitioned back to the zoned school or placed in face-to-face classes at his/her local school. Full-time students with extensive blended or virtual truancy will be transitioned back to the zoned school or placed in face-to-face classes at his/her local school at the end of the six-week grading period. When the student is withdrawn and transferred to another school, the local school administrative staff will communicate with the new or previous school regarding the transfer.

Attendance

Attendance in online programming is performance based. It is measured not only by logging into the course(s) but by successful submission of completed coursework and participation in course activities, such as discussions and communication with the online facilitator.

Non-traditional attendance is measured through the completion of lessons/assignments consistent with the student's customized learning plan, and developed for students in every course that includes the due dates for each assignment. Students are required to remain on-pace and complete all assignments with a minimum score of 70%, to be considered present and attending, as well as to progress in the course.

COMMUNITY COOPERATIVE EDUCATION PROGRAM

The Community Cooperative Program includes on-the-job training and related classroom instruction for twelfth grade students. Students will have completed and passed the Career Preparedness course, have completed a career technical program, and have a work placement that is related to their career goal. Students attend class part of the day and work in an approved work setting a minimum of 140 hours (7.5 hours per week per credit). The student's progress will be evaluated at the training site by the employer with information reported to the student's teacher – coordinator. Together with the on-the-job training sponsor and the student, the teacher-coordinator will develop a training agreement which includes: provisions for the employment of student workers in compliance with federal, state, and local laws and regulations; payment of prevailing wage for employment to student workers approved by the appropriate federal or state agency.

CAREER TECHNICAL PROGRAM ARTICULATION OF CREDITS

Appropriate technical courses taught in Pickens County Schools and either Beville State Community College or Shelton State Community College will be selected for articulation. Pickens County graduates who complete the Career/Technical Program and enroll in Beville State Community College or Shelton State Community College may receive credit for these articulated courses with no tuition charge. Students must maintain an average of eighty five (85) or higher in their high school career/technical core. They may receive college credit as determined by individual program agreements. Appropriate Pickens County system career/technical teachers may recommend students to receive post-secondary credit upon successful completion of the high school career/technical program. Students who meet all stated requirements will be awarded predetermined semester hour credit upon enrollment. Applicants for Career/Technical credit must meet all college admission requirements and be a registered student within eighteen months after graduation from High School.

IMPORTANT INFORMATION ON MENINGOCOCCAL DISEASE AND VACCINE

What is meningococcal disease?

Meningococcal disease is a serious illness, caused by bacteria. It is the leading cause of bacterial meningitis in children 2-18 years old in the United States.

How do you catch the disease?

The bacteria that cause meningococcal disease are very common. The disease is most common in children and people with certain medical conditions that affect their immune system. College freshmen living in dormitories also have increased risk of getting the disease. The disease is spread through exchange of respiratory droplets or saliva with an infected person including kissing, coughing, sneezing, and sharing drinking glasses and eating utensils. In a few people, the bacteria overcome the body's immune system and pass through the lining of the nose and throat into the blood stream where the cause meningitis. Meningitis is a term that describes inflammation of the tissues surrounding the brain and spinal cord.

What are the symptoms of the disease?

- Fever
- Headache
- Stiff neck

- Red rash
- Drowsiness
- Nausea and vomiting

Meningococcal vaccine: Who should get the vaccine and when?

MCV4, or the meningococcal vaccine, is recommended for all children 11-12 years of age and for unvaccinated adolescents at high school entry (15 years of age). High school seniors should also consider obtaining the vaccine prior to entering college, especially if they are planning on living in a dormitory. Please consult your physician or local health department for more information.

ASBESTOS HAZARD EMERGENCY RESPONSE ACT

Pickens County Schools continue to remain in compliance with EPA's Asbestos Hazard Emergency Response Act of 1986. The school system has conducted three year re-inspections in accordance with the AHERA Act in March of 2007. Six month periodic surveillance and training of new employees will continue.

The asbestos management plans are on file at the Main Office and at each school. They are available for review during normal business hours. If you have questions, please contact Mr. Rufus Wilkins the LEA Designated Coordinator, at 205-367-8009.

DEPARTMENT OF SPECIAL SERVICES

The Department of Special Services is composed of three programs: (1) Special Education (2) School Nurse Services and (3) Gifted Education. These programs offer a variety of services to parents and students in an effort to enhance student learning in Pickens County.

The **Special Education Program** is designed to identify students with disabilities, ages three through twenty-one, and due to the nature of the disability, require an individualized educational program. There are certain federal and state regulations, which govern the provision of special education services.

The **School Nurse Services Program** is designed to provide direct and indirect health and health education services to parents, students, and school personnel. The school nurse works with a variety of agencies in Pickens and Tuscaloosa County to coordinate appropriate health services to the schools in the county.

Gifted Education – Gifted education is provided through the Special Education Program. The following information describes the Gifted Education Program. Gifted students are those who perform at or who have demonstrated the potential to perform at high levels in academic or creative fields when compared to others of their age, experience, or environment. These students require services not ordinarily provided by the regular school program. Students possessing these abilities can be found in all populations, across all economic strata, and in all areas of human endeavor.

Teachers, counselors, administrators, parents or guardians, peers, self, or any other individuals with knowledge of the student's abilities may refer a student. Additionally, all second grade students will be observed as potential gifted referrals using a gifted behavior checklist.

For each student referred, information is gathered in the areas of Aptitude, Characteristics, and Performance. The information is entered on a matrix where points are assigned according to established criteria. The total number of points earned determines if the student qualifies for gifted services. To make a referral, contact the counselor at your child's school.

FEDERAL PROGRAMS

The **Title I Program** is designed to provide additional assistance to those students who are at-risk for school failure. This is accomplished by a variety of instructional intervention strategies. Each school participating in the countywide Title I program individualizes the local program through the development of a Title I school plan.

The **Safe and Drug Free Schools Program** is designed to provide students with a safe school environment and to educate students regarding the dangers and pitfalls associated with the illegal use of

drugs. Educational activities are provided to both students and school personnel.

The *Every Student Succeeds Act* (ESSA), which reauthorizes the *Elementary and Secondary Education Act of 1965* (ESEA), eliminates the "Highly Qualified Teacher" provisions under the *No Child Left Behind Act of 2001* (NCLB).

With the enactment of the ESSA, the terms "highly qualified teacher" and "highly qualified paraprofessional" will no longer be in effect in Alabama beginning August 1, 2016. Therefore, effective August 1, 2016, the Educator Certification Section will no longer issue highly qualified teacher status to holders of valid Alabama certificates.

Title I Certification and Licensure Requirements and Parents Right to Know

Please also note that under ESSA, Sec. 1112(e)(1)(A), at the beginning of each school year, each LEA supported with Title I funds shall notify parents that **they may request**, and the LEA will provide on request and in a timely manner, information regarding the professional qualifications of the student's classroom teachers, including:

SECTION 504 OF THE REHABILITATION ACT OF 1973

The following is a description of the rights granted by federal law to students with disabilities. The intent of the law is to keep you fully informed concerning decisions about your child and to inform you of your rights if you disagree with any of these decisions. You have the right to:

- ✓ have your child receive a free and appropriate public education without discrimination and regardless of the nature or severity of his/her disabling condition;
- ✓ have the school district advise you of your rights under federal law;
- ✓ receive notice with respect to identification, evaluation, or placement of your child;

- ✓ have evaluation, educational, and placement decisions made based upon a variety of information sources and by persons who know the student, the evaluation data, and placement options;
- ✓ have your child educated in facilities and receive services comparable to those provided non-disabled students;
- ✓ have your child receive services that are commensurate to the services provided to meet the educational needs of non-disabled students. This includes the right to be educated with non-disabled students to the maximum extent appropriate and reasonable accommodations made by the school district to provide your child equal opportunities to participate in school and school-related activities and in non-academic and extracurricular activities;
- ✓ have your child receive educational and related services without cost except for those fees that are imposed on non-disabled persons or their parents or guardians;
- ✓ examine all relevant records relating to decisions regarding your child's identification, evaluation, educational program, and placement;
- ✓ a response from the school district to reasonable request for explanations and interpretations of your child's records; and
- ✓ request an impartial hearing and, if necessary, a subsequent review of the decision if you do not agree with the decisions or actions regarding your child's identification, evaluation, educational program, or placement. You and the student may take part in the hearing and have an attorney represent you. Hearing requests must be made to the local school principal.

Mrs. Vanessa Anthony, 504 Administrator (Pickens County Schools, 377 LaDow Center Circle, Carrollton, Alabama 35447) is responsible for assuring that the school system complies with requirements outlined in Section 504 concerning students with disabilities.

Notification of Rights Under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

- (1) The right to inspect and review the student's education records within 45 days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal (or his/her designee) a written request that identifies the record(s) they wish to inspect. The principal or principal's designee will

make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- (2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate.

Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the School principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- (3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

- (4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the *School District* to comply with the

requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education

Family Educational Rights and Privacy Act (FERPA) Notice for Directory Information

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that Pickens County Schools', with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Pickens County Schools' may disclose appropriately designated "directory information" without written consent, unless you have advised the System to the contrary in accordance with System procedures. The primary purpose of directory information is to allow Pickens County Schools' to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets such as for football, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965* (ESEA) to provide military recruiters, upon request, with three directory information categories—names, addresses and telephone listings—unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want Pickens County Schools to disclose directory information from your child's education records without your prior written consent, you must notify the System in writing by August 31, 2018. We have designated the following information as directory information:

- Student's name
- Participation in officially recognized activities and sports

- Address
- Telephone listing
- Weight and height of members of athletic teams
