KELLIHER PUBLIC SCHOOL

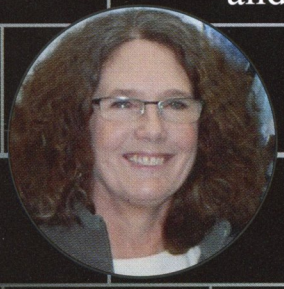

Jeannie Jean, Mary Poxleitner, Linda Olson

DEDICATION

Linda Olson

Linda is such a joy to have in our school. She has been helping out the school for some time now. She can work and communicate well with almost any person and she is always happy to help someone with their math!

Mary Poxleitner

Mary is one of the most nicest and helpful person in the school. She lets people in even though she might not want to. She loves to write tardy slips because she's just awesome like that.We hope she continues being the person that she is after we aren't here anymore.

Jeannie Jean

Jeannie has always been there for us. From the playground outside during recess in elementary to the lunchroom in the morning. Jeannie knows how to put a smile on your face whether it's just smiling at us and saying good morning to just seeing her in the hall with a huge smile on her face. Jeannie would never ignore a student.

Life can only be understood backwords but it must be read forwards

Allen Lindquist

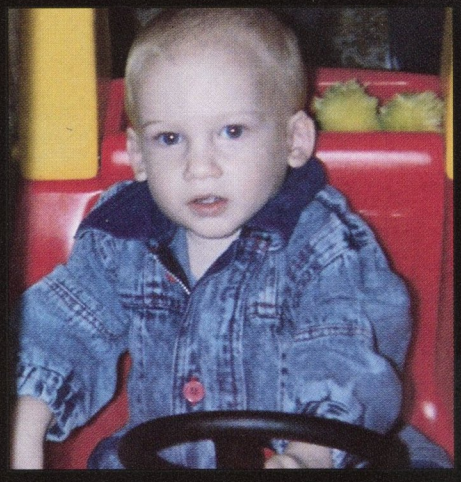

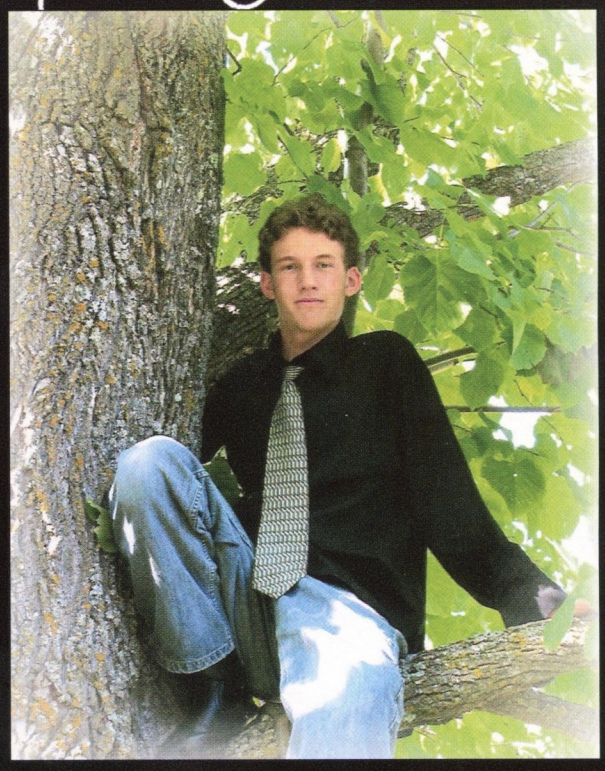

Allen, When we look back time has gone by rather quickly. You know the challenges you have faced and you continue to overcome them. Some things will be more challenging than others but you continue to believe in yourself. Your journey has begun. We are confident that your faith will carry you through and you will create new trails as you go through life. Well done, Allen.
Willie and Sue Lindquist

Tanner,
Your achievements are very powerful. Your 12 years in 4-H have given you many memories, friends, and fair enjoyment. You did well with your 4 years in knowlege bowl, 3 years in National Honor Society, 2 plays and getting accepted into BSU for PSEO. We are very proud of you. Enjoy your life!
Love Dad, Mom, and Rhonda

If you do today what others don't, you can do tomorrow what others can't.

Leah, We remember the day you were born and now look at you all big and grown. We remember your first day of school, you were too scared to break a rule. We changed your life not knowing the clue, how difficult it was for you to move. After a while you settled down and took a job outside of town. You made us proud throughout the years, as we think about it we burst in tears. We know today you may be sad, you are watched by your dad. Many doors will open today as we send you on your way. Congrats!
Lots of love Mom and Steve

If you do it right the first time, you don't have to do it again

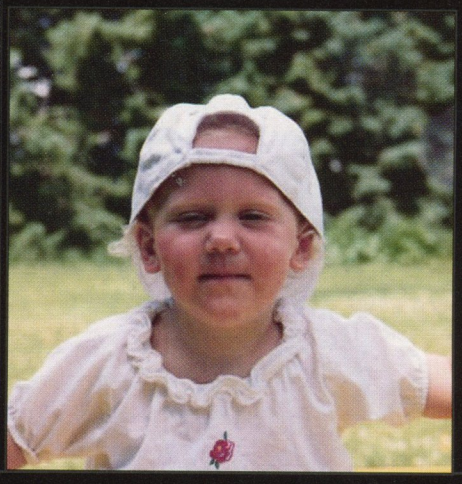

Danielle Poxleitner

To laugh often
and love more!

Dear Danielle,
It has been such a joy to watch you become an independent, strong, caring, beautiful, young lady. We are so proud you are our daughter.
Love you more,
Mom & Dad

Brittany Hand

Best of Luck to the Class of 2010

2010 Seniors

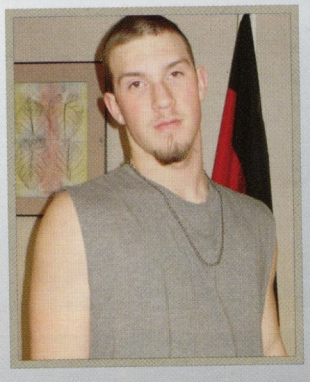

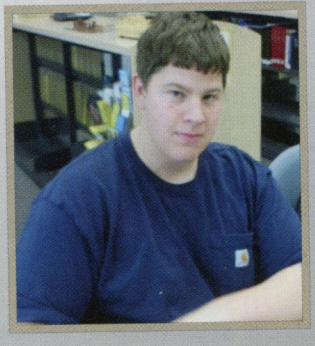

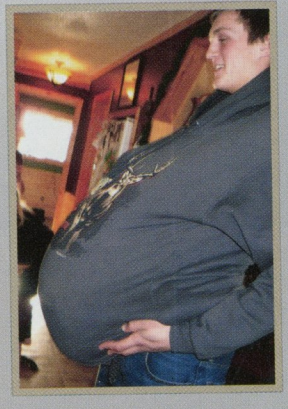

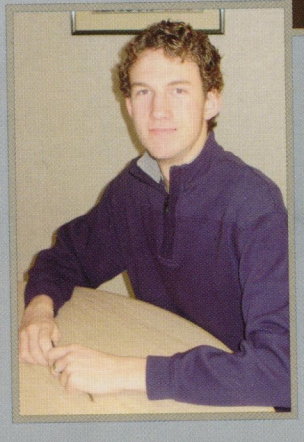

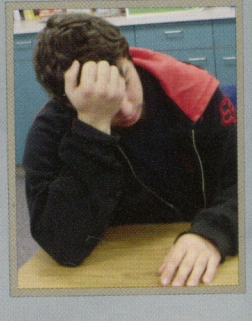

YAMAHA

Remember When...

1.We were in the 4th grade when our class would go to the old folks home.

2.Our class went to the capitol building and science museum in 6th grade.

3.We were in Mrs. Erickson's 9th grade English and we would give presentations on creation myths.

4.We were in Mr. Hoyum's 9th grade Physical Science class and Danielle shot off the rocket, and we all went to look for it and found it by Dr. Tackle.

5. We all went to Mrs. Anderson's house in Kindergarten.

6. Brittany and Tanner went to Crookston to attend Business Activity Day and Brittany won a scholarship.

7. When Danielle was riding bike in fitness class, and she stood up while she was going fast and the pedel flew off.

8. Torey and Cara's drive down a road superfast and hit some big dip and Torey flew and hit her head on the ceiling and Cara landed almost on Torey's lap and they spilt their energy drinks all over and they thought they had a flat tire!

9. When we used to pretend that the white tiles were lava and we would hop on the green tiles and walk on the pink ones so we wouldn't fall in the lava and die "Holy man we had some fun our junior year!"

10. Alex threw up all over the desk right next to Cara and then fell out of his desk and almost landed in it!

11. Every time Alex farted, Mrs. Hughes would go up and down every single row of desks spraying her air freshener constantly.

12. Every day at recess the girls would have to take cover from the boys who would be throwing giant ice chunks at their heads!

13. Dylan, Charlie, and Alex flipped Evan off the tee-ter totter, and Evan looked like he had a concussion. Dylan shouted out "It's ok, I got his glasses!"

14. School and staff didn't have a problem with anything.

15. When CARA and ANN made a slip and slide in the locker room before the basketball game!

16. Leah inherited the nickname "newb" when she first came during sophmore year.

17. During the filming of "The Crucible," we got to kill Brittany and Sonnie with pencils.

18. It took us over one period to shoot the blood scene in "The Crucible" because no one could stop laughing at Alex J.

19. The volleyball team was running on the bike trail and Ann went and hid in the woods (with Caitlyn), and then came back out on our way back. Coach Lorenzen never even noticed Ann was gone!

20. "I remember when school was fun. Back in the day when I said I didn't want to come to school and was lying. I remember when there was a thing called Senior Privilges and freedom. School was fun and we made memories. I remember when kids took senior pictures with shot guns and I remember when high school kids got ready for the real world and enjoyed their last few years as a kid, not make everything fair and nice to each prisoner, I remember when," said Evan Hanks

21. When Ms. Wang asked for some markers, so everyone in the class stole about 4 markers from every teacher, and the next day we showed up with 20 markers, and she got mad and made us bring them back.

Senior Wills

I, Tanner, will all of my books to Bemidji Public Library, my room to my sister (she needs the space), my love for school to the underclassmen, my love for knowledge to Deb Mayers, my enthusiasm to all my 4-H friends, my ability to pursue a dream to my little cousins, my appreciation of the past to all of posterity, and my love to teach to all future teachers out there.

I, Brittany, will my iPod to my brother, because he seems to think I broke his. I also will my brother my strong work ethic, because he needs it! I will my T.V. to Zach and Shawn because Matt keeps stealing theirs.

I, Alex, will my sense of humor to those who greatly need it. My Tetris abilities to my "Annie Baby" so she can beat me for once. My wavy brown locks to Alisha so she doesn't have to be jealous anymore, and last, my super man suit to whoever wants it, which I know everybody does 'cuz I mean, come on, who doesn't want to be a super hero?

I, Leah, will to do well in school to my brothers Tyler, Jordan, and Cody. I also will the ability to deal with changing schools, and making new friends to anyone who finds themselves in that situation.
