Johnson Elementary School

Dear Parents,

In an effort to keep you informed about school events and happenings, I've created several Remind groups for parents and guardians. Please join the appropriate group using the information in the chart. If you have multiple children at JES, there's no need to join more than one group. Every group will receive the same school-wide message.

Grade Level	Number to text	Contents of text message
Pre-K	81010	@ef46f69
K	81010	@jesparen
1	81010	@jesparents
2	81010	@c8kak98
3	81010	@hcckck
4	81010	@7ehk4g
5	81010	@b27847

There are two basic ways to join the group from a smart phone:

- On your device, open the text messaging app and begin a new text. Type 81010 in the area for the phone number. Type the @code from the table above in the message portion of the text. Submit the message. If you've never joined a Remind group, you'll be prompted to enter some information.
- If you have the Remind app on your smartphone, you can join the group directly from the app by typing the characters after the @ symbol.

These groups are not intended to replace groups created by teachers. Please do not delete any messaging groups created by your child's teacher.

Thank you for joining a JES Remind group.

Sincerely,

Robbie Lauderdale
Principal
