**ATTENTION
PARENTS!**

We are hoping to encourage our students to master the sight words by celebrating each milestone. We are planning five circus celebrations and rewards for the students who master the words. Only the students who know the sight words for each milestone will attend the celebration and receive the reward. A circus-themed bounce house celebration with popcorn, snow cones, and cotton candy will be held at the end of the year for those students who master the sight words. We are encouraging all parents to help your child master the sight words by practicing them daily!
