Driving group 2 - June 30th, July 1st, 5th, 6th, 7th, (July 8th Makeup)

## Driver Education

Your child will receive 1/2 school credit if they complete the course. Driver Education develops understanding of and adaptation to traffic in terms of knowledge, attitudes, and skills. The course includes a study of traffic safety for pedestrians and drivers, as they are involved in physical and man-made laws, enforcement agencies and policies, traffic psychology, automobile purchasing, insurance, budgeting, consumer mechanics, and traffic engineering.

Driver Education develops a sense of civic responsibility and an attitude of personal mechanics, and traffic performance. Classroom instruction will be provided via Google Classroom.

Behind the wheel experience in a dual controlled automobile is provided during the course. Driver Education develops knowledge, habits, and skills related to learning to stop and start, to shift, to steer, to make right and left turns, to drive in traffic, to complete turnabouts, and to park.

Development of attitudes basic to accepting civic responsibility in traffic and to the safe operation of the automobile are stressed. For those students who do not receive simulation training, behind the wheel training will consist of the dual-controlled automobile use for three to six hours of driving. For students who receive simulation training, behind the wheel training will consist of one to three hours.

This course provides both classroom and actual driving experiences. A maximum of six hours of behind the wheel driving time is provided. Instructors are qualified to 3rd party test students that are ready to take their ALEA Driving Test. Students will be tested at instructors discretion.

\*Students must be 15 years or older by the start of the class and be in high school, grades 9-12, during the 2020-2021 school year.

\*Students may be from Public, Private, Parochial, or Home Schools.

\*Students must wear the uniform of their school. If the school does not require a uniform then khaki pants and white shirt are required. Clothes must be appropriate.

\*Students may also be able to receive their driver license through driver education. They will drive with the instructor and receive a certificate through Alabama's third party driver education course, if they pass the ALEA Third Party Road Test.

\*Students must obtain their permit prior to taking the class for licensing purposes.

\*Your child can also receive a certificate for their boating license.

\*Students will complete all class assignments via Google Classroom. Driving portion will be in 1 hour driving sessions assigned by the instructors. Students are responsible for transportation to and from assigned driving session.
