

Jean-Baptiste de Lamarck

Thomas Malthus

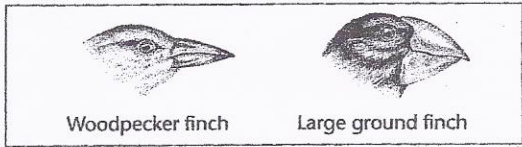

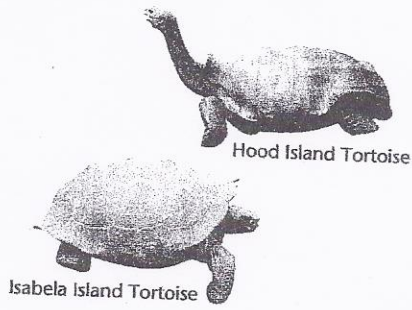

John Needham: ~~(no pic, just write info.)~~ (pic on another sheet)

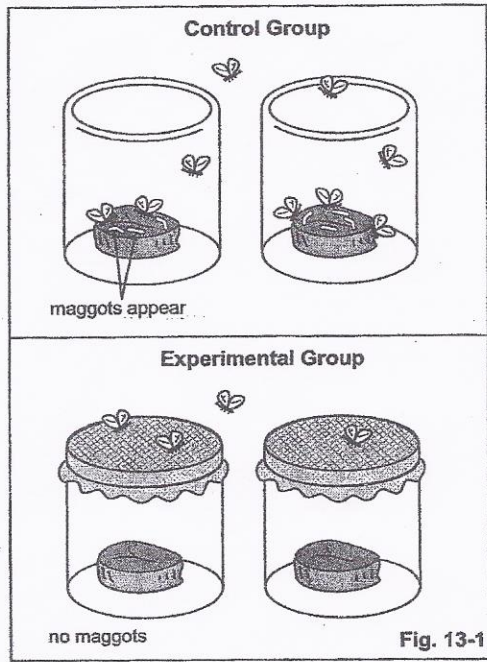

In flipchart, write name of evolutionist, picture, + write a description of their discovery / statement. Use p. 273-274, 276-279 in spiral workbook.

(Put pics sideways, if necessary)

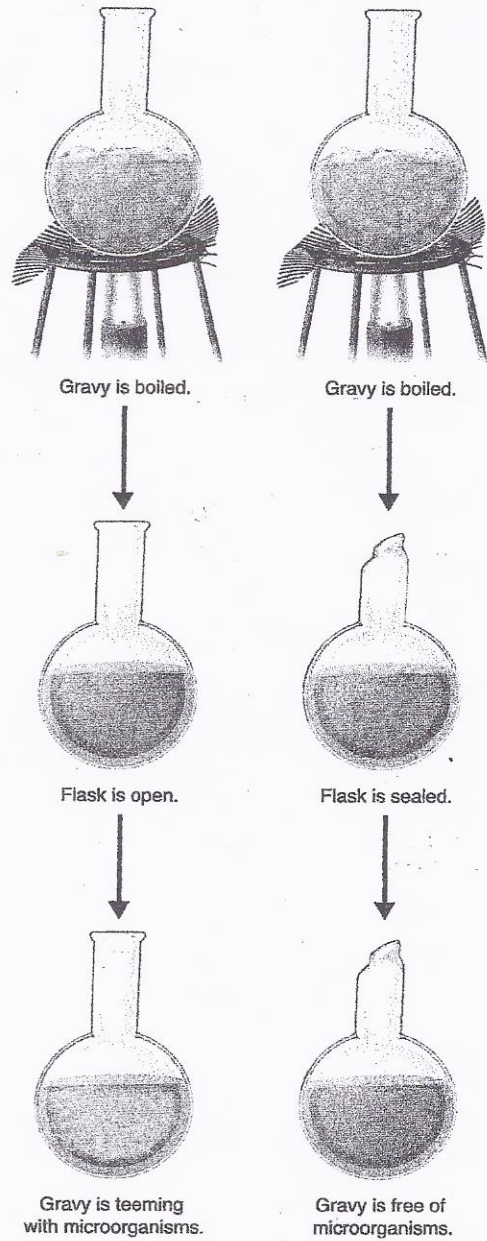

Charles Darwin

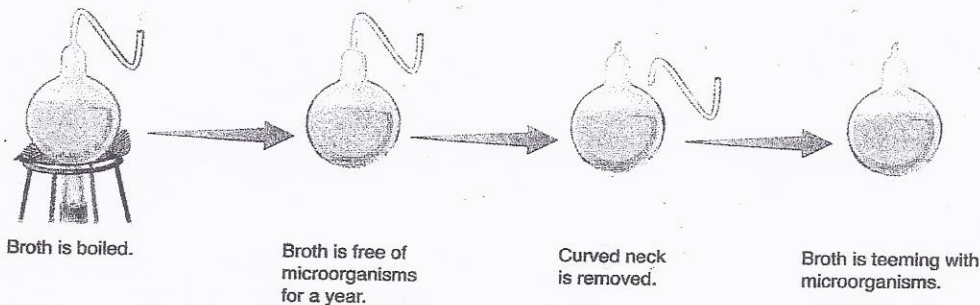

Francesco Redi

Lazzaro Spallanzani

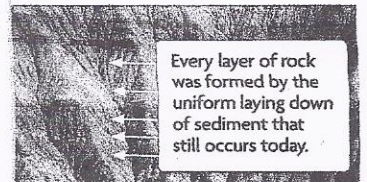

Louis Pasteur

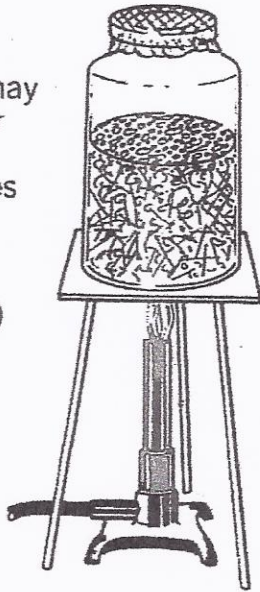

Charles Lyell

Uniformitarianism proposes that present geologic processes are the key to the past.

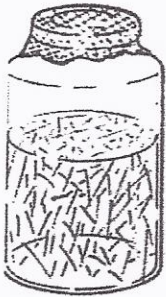

John Needham

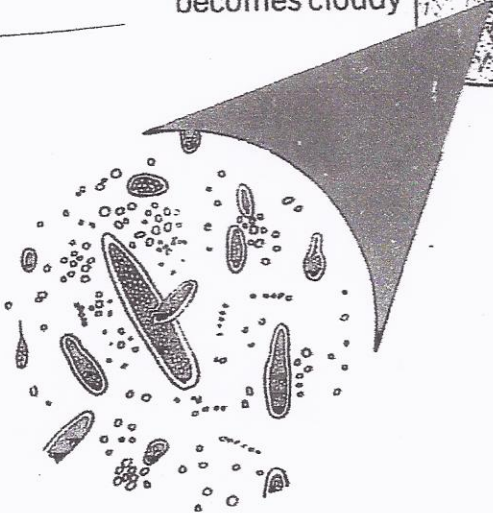

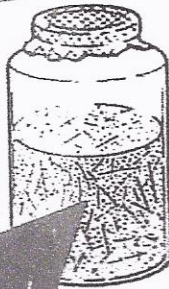

chopped hay
with water
boiled
10 minutes
(also
used
broth)

leave uncovered at
room temperature

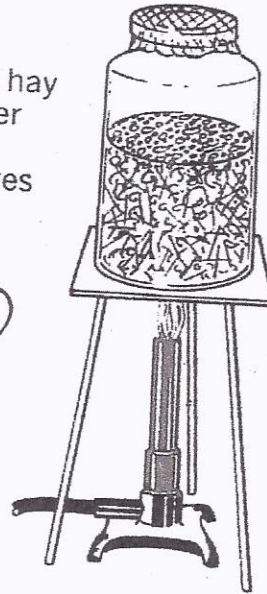

after a
few days
the infusion
becomes cloudy
