“Where Learning and Innovation Are a Way of Life”

April 8, 2020

Good evening,

During this time, we are transitioning to Online Instruction for the remainder of the school year. Online Instruction will officially begin Monday April 13. All assignments will be placed on our school website

<https://www.scarboroughknights.com/>. They are already posted for next week. However, teachers are working to update lessons and make sure they are teaching the critical standards. Assignments will be graded.

MCPSS will also offer lessons on TV for students who do not have devices and/or **Internet** capabilities. All “critical standards” are included in these televised programs and online lessons. (see the chart below)

- Teachers will present 30 minute mini lessons in each content area.
- Each grade level will receive 2 hours of instruction weekly.

Codes for Remind, which is a Communication tool for the school and home, have been placed on our school website. Please use remind to communicate with teachers. Teachers can also be reached by email. Next week, teachers will call to check on the progress of your child. Let them know if you have any questions.

If you do not have a device, students may borrow a device from the school. We will send out the date and times of when you can pick up a device when that information is finalized. We ask that you be patient as we work through this unprecedented time. Report Cards will be mailed this week.
