STUDIES CENTER

STARLAB  
Portable Planetarium

251-221-5000

## STARLAB Portable Planetarium

The STARLAB is an inflatable portable planetarium which comfortably holds 30 students and their teacher. The clearance needed for the planetarium is 20 feet by 25 feet on the floor and at least a 10 1/2 foot ceiling.

### Field Trip:

Teachers are invited to bring school groups to the center for a planetarium program. There is a curriculum for all grade levels. Pricing is \$2.00 per student with a minimum of \$75 within school system and \$3.50 per student with a minimum of \$85 for out of system. Contact the receptionist for booking options.

### School Outreach:

The planetarium can be brought to your school for a program with a fee of \$1 per student with in school system and \$2 per student out of system. Contact the receptionist for booking options.

### Teacher Training and Certification

Each year we hold a teacher certification workshop periodically in order to train teachers to use the planetarium in their school. Teachers learn to set up and operate the planetarium and reserve dates that they will check out our planetarium to use with their students free of charge.
