## Covid-19 Risk Mitigation Plan

**Last Updated:** 8/17/20

### Players/Coaches

**Arrival:** All busses will park next to the baseball field. Coaches and Players will enter through the glass doors located behind the school. Here they will be screened and have their temperature taken prior to entering the building. They must have a mask on at all times when not actively participating. Athletes will be located in our Junior High Locker Rooms. Coaches and Athletes are asked to maintain separation from spectators until they leave our facilities.

### During the Contest

**On the field:** Team benches/sidelines will be organized in a manner that will best maximize social distancing. Water will be available, however players need to bring their own individual water bottle that is not to be shared with teammates.

### Post Game

Once the game is over, coaches and players will head directly to the locker room without fan interaction.

### Spectators

Spectators must acknowledge that they do not have any symptoms and have not been exposed to anyone with COVID-19 when they purchase their tickets and must remain isolated from all participants. All will enter through the main entrance and must bring their own mask or face covering to be worn at all times inside Dublin ISD facilities. Spectators will not have access to areas where coaches, athletes, and officials have access.

### Tickets

Tickets will be sold at gate. We have approximately 1300 tickets available (total) and no more tickets will be sold at the door.

### Concourse/Fences

No students, teams, fans or other personnel will be allowed to wander or stand along the fences. All spectators/athletes must enter the stadium and watch the contest from their seat. Anyone not in their seat will be asked to sit in their purchased seat or leave the premises.

### Concessions

Our concessions will be open and available for spectators and athletes. We ask that you maintain 6 feet of separation from other customers.

### Officials

Officials will park on the east side of the school (opposite the football stadium) and need to be screened and temperature checked prior to entry into the building. Officials for varsity games will use the boys basketball locker room and are to maintain separation from spectators at all times.
