April 11, 2021

Edward W. Bok Academy North Community,

A positive case of COVID-19 was identified at Bok Academy North today, April 11, 2021. We are working in consultation with the Florida Department of Health in Polk County and are diligently following CDC guidelines to mitigate the spread of the virus. Those who were identified as direct contacts to the positive case have been notified and instructed to self-isolate for 10 days. Unfortunately, many of those who were in direct contact to the positive case were instructional staff. Our #1 priority is to keep our students and staff safe. **Due to the number of instructional teachers who were exposed we will move to online learning starting Monday, April 12th and returning to in person learning on Tuesday, April 20th.** All areas of the campus that were affected will be deep cleaned on Monday, April 12, 2021 per CDC-recommended guidance. We are committed to making your student's learning environment on campus as safe and healthy as possible. We are doing everything possible to ensure we continue following CDC guidelines to ensure the health of our Bok Academy North Community. Thank you for your ongoing patience as we all work through these trying times. Together, we will overcome this.

Sincerely,

Donna Drisdorn
