

West Carroll Special School District

Dear Parents/Guardians,

Our Special Education Teachers and Related Service Providers have been trying to reach out to every student/parent(guardian) on their caseloads the past few days to inquire about their students, survey student's access to internet and technology within their home, and if parents would like their child to have access to learning opportunities during this temporary shut-down due to COVID-19. If you have a student in our school system with an IEP, and have not spoken with one of our special education teachers, we ask that you contact them via email (listed below) and they will be more than happy to assist you or your child with answers on how to access learning opportunities during this time.

Please feel free to contact Crystal Polinski, Supervisor of Special Programs, at 731-662-4200 (office) or 731-418-1079 (work cell- can text/call) or crystal.polinski@wcssd.org at any time.
