

Trion Elementary School

School Parent Compact 2020-2021

Title I School-Parent Compact

2020-2021

Families:

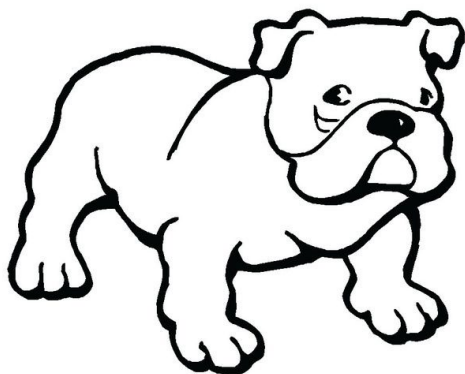

This compact outlines how the parents, the entire school staff, and the students will share the responsibility for improved student academic achievement at Trion Elementary School. This compact also describes how the school and parents will build and develop a partnership to help students achieve the Georgia Standards of Excellence.

To understand how working together can benefit your child, it is necessary to understand our district and school's goals for student academic achievement.

Activities to Build Partnerships:

Virtual Meetings

Family Engagement Google Classroom

What is a School-Parent Compact?

A School-Parent Compact is a jointly written commitment describing how all members of a school community (parents, staff, and students) agree to share responsibility for student learning. This compact helps bridge the learning connection between school and home.

Compact:

- Links to goals of the school improvement plan
- Focuses on student learning skills
- Shares strategies that staff, parents, and students can use to improve student learning
- Explains how teachers and parents will communicate about student progress
- Describe opportunities for parents to observe and participate in the classroom.

Communication about Student Learning

Trion Elementary School is committed to frequent two-way communication with families about student learning. Some of the ways we can foster effective communication include: Virtual Meetings/Conferences, Google Classrooms ,utilization of Nikki Communication folders, Parent Portal, emails, phone conferences, and notices in the local paper and on the local radio station, the school's website at <http://www.trionschools.org/TES>, and a TES Informational bulletin board at the local recreation center.

Goals of Trion City Schools:

Language Arts: All students will graduate as analytical readers, writers, and communicators of language.

Math: Students are not only expected to become proficient in appropriate computational skills, but also to be actively involved in constructing and applying mathematical ideas.

Science: Students will develop a strong content understanding in earth, life, and physical science as well as develop problem-solving and critical-thinking skills.

Social Studies: Students will develop a strong understanding of themselves and their role and responsibility in society by discovering the heritage of their nation within a global context.

Goals of Trion Elementary:

The main academic focus of Trion Elementary will be for all students to be successful on the Georgia Milestones and benchmark assessments in grades K-5.

Teachers will work collaboratively to ensure that every child's learning is addressed, and that instruction will be differentiated to meet each child's learning needs. This will ensure that we educate the whole child in all academic areas, along with Fine Arts.

TES Parent Center

Parents are welcome to visit our Parent Center at any time during a normal school year. Please contact Angie Thomas at 706-734-2991 ext. 5

Parent Center Hours

Mon – Fri 8:00 – 3:30

Classroom Visits and Volunteers

TES loves to welcome visitors and volunteers, but due to the current COVID outbreak, we will not be allowed to do so. Once the situation changes visitors and volunteers will once again be welcomed.

Parent/Teacher Conferences

Because classroom instructional time is so valuable, all conferences must be scheduled in advance.

TES Mission

The mission of Trion Elementary School is to provide a challenging and relevant education, which builds on a foundation that fosters character and integrity and enables students to succeed in future endeavors as contributing citizens and life-long learners.

Teachers, Parents, Students Together for SUCCESS!

In the Classroom: K – 2nd grade classroom teachers will work with students and their families to support students' success in reading and math. Some of our key connections with families will be:

Provide math resources to aid parents in student success at home
Provide virtual workshops to parents that will support students at home
Provide tutoring as needed, when possible
Communicate with families in multiple ways

TES Students As a student of Trion Elementary, I will:

Read nightly
Complete homework and return it to school every day
Take responsibility for my behavior
Ask questions if I need help

At Home: Be involved in my child's education by:

Making sure that my child is prepared for school every day (backpack, folder, reader, etc.)
Ensuring that my child attends school each day on time
Reviewing and signing child's homework
Attending virtual informational meetings and conferences when scheduled
Working on math resources with my child
Providing school supplies
Completing parent surveys

In the Classroom: 3rd – 5th grade classroom teachers will work with students and their families to support students' success in reading and math. Some of our key connections with families will be:

- Provide math resources to aid parents in student success at home
- Provide virtual workshops to parents that will support students at home
- Provide tutoring as needed, when possible
- Communicate with families in multiple ways

TES Students: As a student of Trion Elementary, I will:

- Complete homework assignments
- Take responsibility for getting homework sheet signed
- Ask questions when I need to
- Be responsible for my own behavior and accept the consequences thereof
- Attend tutoring if it is required
- Attend school regularly

At Home: Be involved in my child's education by:

- Reading and signing assignments and all parent notifications (as necessary)
- Asking or contacting the teacher if you have questions
- Attending virtual informational meetings and conferences when scheduled
- Ensuring that my child attends school each day
- Providing school supplies
- Completing parent surveys
