- Peer interviews
- Letter writing

REVISION

Stage 3 – Learning Plan

Code	<i>Pre-Assessment</i>	
A, M	<p>Students will be able to determine how much they know about the effects that their daily decisions have on the environment: First, students will take inventory of activities that can affect the environment (drawing on previous knowledge of household vocabulary as well as cognates (e.g., sort the trash, use plastic or reusable containers, take short/long showers, etc.). Then, they will sort the activities as either “harmful to the environment” or “good for the environment.”</p>	
A	<p>Summary of Key Learning Events and Instruction <i>Student success at transfer meaning and acquisition depends on...</i></p> <p>The teacher will prepare notes and lectures on the topics of the environment and pollution W, O, Eq</p>	<p>Progress Monitoring</p> <ul style="list-style-type: none"> • Listening comprehension activities based on video • Completion of graphic organizers
A	<p>The teacher will prepare notes and mini-lessons on vocabulary and useful “chunks” related to environment and pollution to introduce throughout the unit. Eq</p>	<ul style="list-style-type: none"> • Information gap activity
A	<p>The teacher will prepare notes and mini-lessons on grammatical forms/structures to introduce and review throughout the unit. Eq</p>	<ul style="list-style-type: none"> • Sentence completion activity on advice to protect the environment
A, M	<p>The teacher introduces the goals of the unit, the essential questions and discusses the performance tasks. W, Eq</p>	<ul style="list-style-type: none"> • Peer Survey development
A, M	<p>Students take the pre-assessment. Eq</p>	<ul style="list-style-type: none"> • Paragraph writing
A, M	<p>The teacher will use a variety of pre-listening/viewing strategies (e.g. background knowledge, prediction, anticipation guide) as well as strategies for during and after listening/viewing video/audio sources. Eq</p>	
A	<p>The teacher will post videos and podcasts on Google classroom (as they come up throughout the unit) so students may view/listen multiple times at school or at home. Eq</p>	

<p>A, M</p>	<p>The teacher will show a (YouTube) video about how much water it takes to put a pair of jeans on the store shelf, from design to finish. W, H, Eq</p>	
<p>A, M</p>	<p>Students will engage in listening comprehension activities before, during, and after watching the video. Eq, R</p>	
<p>M, T</p>	<p>Students will identify the causes and effects of global environmental issues (e.g., factories = water pollution = fish die) found in brief articles from a news website for students. W, Eq, Ev</p>	
<p>A, M</p>	<p>The teacher will introduce an information gap activity in which students ask each other why an activity or product is bad for the environment (practice using structures such as because because of; ... causes ...) Eq, H</p>	
<p>M, T</p>	<p>Students will do a sentence completion activity for advice about what we can do to protect the environment (e.g., Problem = cars are producing too much exhaust. Tip = “think/believe we should ...; In my opinion we have to ...; We could ...”) Eq, R</p>	
<p>A, M</p>	<p>Students watch/listen to authentic videos, first for gist and then fill in the chart with relevant details. Eq</p>	
<p>M, T</p>	<p>Students listen to authentic podcasts and fill in a chart listing the environmental problems, causes, effects, and possible solutions. Eq,</p>	
<p>M, T</p>	<p>Students illustrate the relationship between cause and effect of environmental issues that they heard/read about. W, R, O</p>	
<p>M, T</p>	<p>Students use this information to discuss with a partner or small groups what they think are the top three environmental problems in their state/city/town. They will come up with some suggestions on how they can be more responsible in their</p>	

	<p>daily activities to protect the environment. H, Eq, Ev</p>	
M, T	<p>With a partner or in small groups, students use the information they've collected and exchanged to write a paragraph about environmental issues. They should explain the problems (causes and effects), give examples, and give suggestions for how young people can make a difference in the world. W, Eq, Ev, H</p>	
M	<p>Students take the survey to evaluate their own environmental footprint. H, Eq, R, Ev.</p>	
M, T	<p>Students use a checklist to ask each other how often they engage in certain environmentally safe/harmful activities. H, R, Ev</p>	
M, T	<p>With a partner or in small groups, students create a survey to interview their peers from a Spanish-speaking country to evaluate their environmental footprint -students bring their questions from the survey they took and from the checklist. H, R, Ev</p>	
T	<p>Students engage in conversations to ask for and give advice on how to live more responsibly (e.g., Student A: I want to avoid using too much electricity. Student B: You should/could ...). H, R, Ev, T</p>	
M, T	<p>Students describe a nature journal/picture/video (e.g., a healthy or damaged forest) and describe it in writing or speaking. Eq, R</p>	
M, T	<p>Students write a sentence about the cause-and-effect relationships they see represented by a graph or an illustration/infographic. Eq, Ev</p>	
A	<p>The teacher introduces the elements of paragraph/letter writing and shows a model letter about an environmental issue</p>	

REVISION

<p>A, M</p> <p>M</p> <p>M, T</p> <p>M, T</p> <p>T</p>	<p>to help students understand the concept.</p> <p>Students use the model letter about an environmental issue to write about another environmental issue.</p> <p>Students write in chunks (add-on a sentence every day). Eq, R</p> <p>Students write a paragraph, and then incorporate transitions or conjunctions from a list when they are able. Eq, R</p> <p>Students edit each other's letters, using a holistic scoring guide. R, Ev</p> <p>Students self-assess their performance task using NCSSFL-ACTFL-Can-do Statements to evaluate their growth and set new goals for themselves. W, R, Ev, T</p> <p>Resources:</p> <ul style="list-style-type: none"> • United Nations website environmental issues resources and empowering people for the future. https://www.unenvironment.org/es/regiones/america-latina-y-el-caribe • First video in a telenovela series to encourage people to save energy.
