

ANADARKO PUBLIC SCHOOLS INTERNET USAGE POLICY AGREEMENT

Internet access provided through the Anadarko Public Schools' ("District") local area network ("Network") is considered a privilege. Individuals may access the internet through the District Network only for purposes consistent with the District's mission and goals. No student should have an expectation of privacy when using District computers, or the District's Networks. The District Administration and the Information Technology Department may monitor activities that take place on these systems. External internet monitoring techniques frequently log data about a user, and the network from where they reside. It is the responsibility of the user to limit access to resources that only pertain to the District's mission and goals. Any violations of District Policy, including Policy BJ, and this Agreement are strictly prohibited, and may lead to having Internet and/or network access revoked. Violations will be reported to the District Administration and the user may be subject to other disciplinary sanctions.

Student Agreement

Student's (User) Full Name (Please Print)

User's Grade

I understand and agree that use of the District Network to access the internet is a privilege and that I am responsible for my actions when I do so. I understand and will abide by the terms all District policy and this agreement when I access the internet through the District Network and District computers. I further understand that any violation of the policy and regulations may result in loss of the privilege to use the District Network, discipline or other actions.

Parent/Guardian Agreement

(Completion of this section is required for students under the age of 18.)

As the parent or guardian of the above student, I have read the terms and conditions for District Network usage and internet access. I understand that this access is designed only for educational purposes and that the District and the internet provider have taken available precautions to reduce the possibility that my child may access controversial material. I acknowledge that my child has no expectation of privacy when using the District Network or District computers. I also recognize it is impossible for the District and internet provider to restrict access to all controversial materials, and I will not hold the District or the internet provider responsible for materials my child acquires on the District Network. Further, I accept full responsibility for supervision if and when my child's internet use is not in a school setting or through the District Network or computers. I hereby give my permission to the District to allow such access to the District Network and internet for my child and certify that the information contained on this form is correct.
