Instructions

This is an interactive, no print resource designed to be used on a tablet, computer or interactive smart board.

Present each page to the student and read the prompt at the top of the page. If the student touches the correct image, the screen will advance to show that it was correct.

If the student touches an incorrect picture, the screen will advance to show that it was incorrect and allow them to try again.

You can navigate through the slides using the HOME and NEXT buttons. The HOME button will bring you back to this screen. The NEXT button will advance to the next item.
