

NEW PARENT PORTAL LINK:

<https://txeis20.esc11.net:8443/ParentPortal/login?distid=220801>

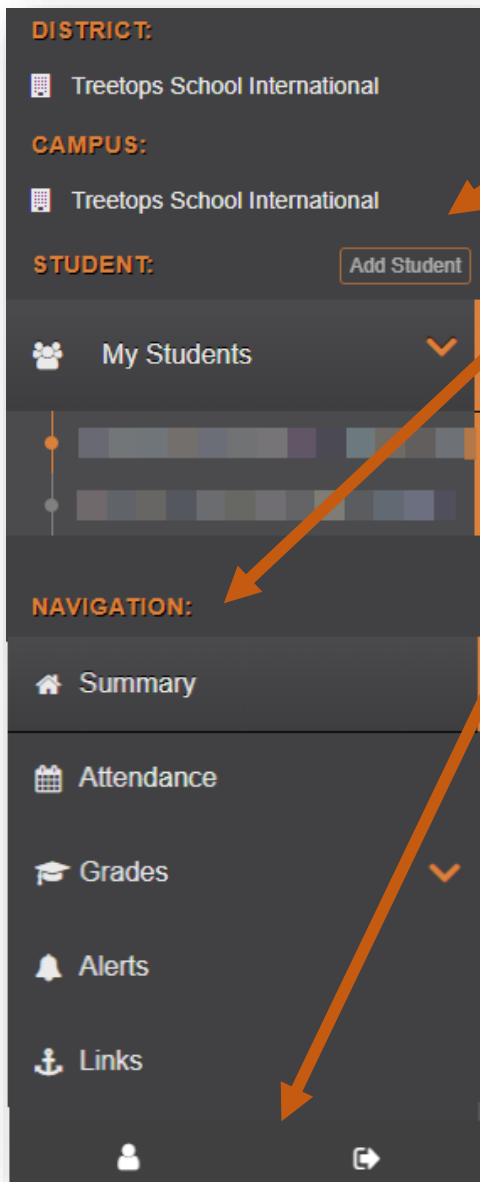

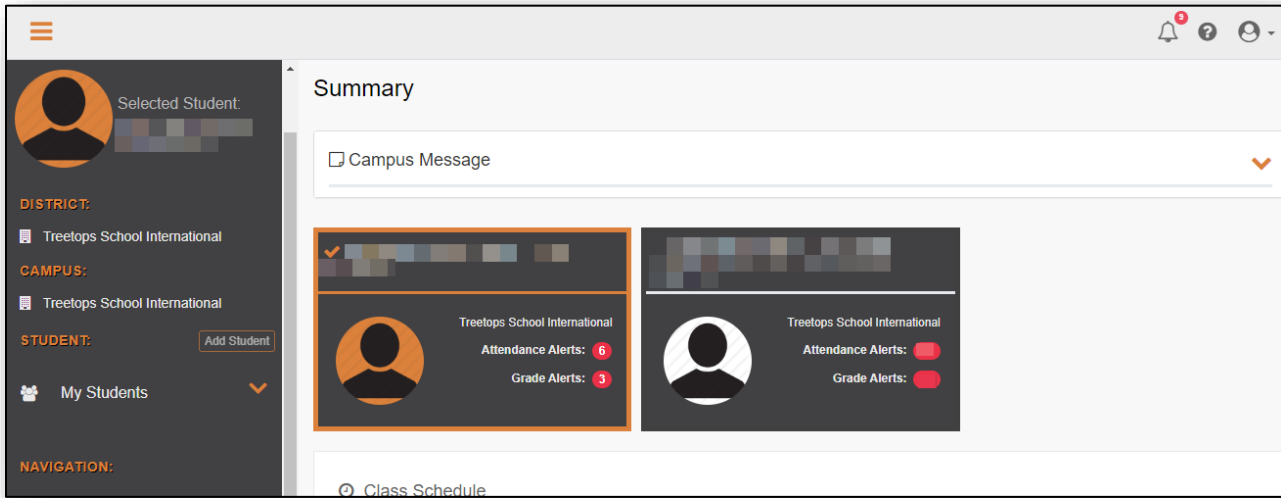

This new portal will automatically modify the screen view based on the device accessing the portal. Instead of the prior mobile specific site, this portal may be opened with any browser on any device and have full functionality.

This is your login screen and should have carried over your login credentials from the prior txConnect parent portal.

Once you have logged in the look is very different than the txConnect portal. You should find that it is more user friendly and easy to navigate. Here are just a few screen shots and tips.

This is your Summary/Landing page

You can select a different student using the My Students drop down.

To navigate, use the Navigation are on the left to look at Summary, Attendance, Grades or review your alert settings.

The bottom two links are quick ways back to the main summary page (left button) and the logout button (right button). <Due to some Technical issues these are temporarily not available>

In the upper right-hand corner of your screen you have three quick buttons. Alerts (if you have set them up), HELP (if you have any questions try the help menu-it is very good), and My Account/Logout.
