Mission: ACDL is a non-profit law firm that assists Arizonans with disabilities to promote and protect their legal rights to independence, justice, and equality.

Population Served: Anyone with a documented disability in Arizona.

Services Provided: Provides information on legal rights, represents individuals in negotiations or administrative proceedings and court, investigates abuse and neglect, provides outreach and training on legal rights and self-advocacy, brings impact litigation to remedy systemic problems, and provides technical assistance to groups and individuals on disability-related legal issues.

Qualifications for Service: To be determined upon intake interview.

Fee for Services: Free

Service Area: All of Arizona

Arizona's Children Association

1407 McCulloch Blvd N. Unit B, Lake Havasu City, AZ 86403

Phone: (928) 680-4458

Hours: 8:00am - 5:00pm Monday-Friday

Website: <http://www.arizonaschildren.org>

Mission: Protecting Children, Empowering Youth, Strengthening Families

Founded in 1912, Arizona's Children Association is one of the oldest and largest statewide comprehensive child welfare and behavioral health not-for-profit agencies in Arizona.

Summary of Services Provided:

Foster Care & Adoption Arizona's Children Association (AzCA) is the largest foster care provider in the state! We train and support foster care families who can open their hearts and homes to vulnerable children, while their biological families are on the mend. We also collaborate with adoption placing agencies to provide a variety of adoption-related services for those seeking to adopt internationally, privately and from the foster care system. To learn how you can become a foster or adoptive parent, please join an orientation held at our Lake Havasu City office, call 928-680-4458 for details.

Interstate Compact for the Placement of Children (ICPC) and Home Assessment Courtesy Supervision (HACS) contracts help to ensure the protection and services to children who are placed across state and county lines. The goal of ICPC/HACS is to support the long term or permanent placement of court wards, typically with family or other connected families, who reside outside the geographic scope of the DCS department that has jurisdiction over the children.

Guardianship Services provides outreach and education to professionals on “Achieving & Maintaining Permanency for Foster Children” training, which reviews: available permanent placement option for children/youth in foster care; differences between Adoption, Permanent Guardianship, and Another Planned Permanent Living Arrangement (APPLA); post-permanency supports available for each permanency option; cultural considerations for American Indian families and children when discussing permanency options; and ways DCS is improving the guardianship process. Permanency Planning Case Consultation, which is a DCS referral to provide families and youth with education and support regarding the differences between Adoption, Permanent Guardianship, and APPLA. The purpose of case consultation is to provide them with accurate information to make an informed decision regarding permanency option is in the best interest of child/youth in care. Permanency Planning Case Management Augmentation, which is also a DCS referred service for families and children/youth that have decided upon Permanent Guardianship as the most appropriate case plan. Case Management Augmentation will provide the family and child/youth support with completing all necessary guardianship paperwork (such as Guardianship Subsidy and AHCCCS application), information regarding community resources available to assist with current and future needs, and understanding the importance of a life-long connection for the child/youth to ensure that transition to guardianship is a seamless process for the family.

Family Preservation & Reunification offers DES-referred services to assist families in crisis, by applying intensive intervention strategies to promote safety, health and overall well-being to strengthen families and reduce trauma and out-of-home removals. Furthermore, when out-of-home removals cannot be avoided, these programs assist in working towards family reunification by developing realistic long term solutions.

Parent Aide Services trains and assists the parent/caregiver in demonstrating the appropriate behavior(s) to eliminate safety threats and enhance parental protective capacities concerning identified safety threats. The program aims to increase caregiver protective capacities so that the parents/caregivers have the cognitive, behavioral and emotional capacities to protect their children from harm and danger, children can remain in or return to the care of their parents/caregivers, and the likelihood of repeated reports of abuse or neglect is reduced or eliminated.

Young Adult Services- Living Skills Training (LST) and Transitional Independent Living Program (TILP) Arizona’s Children Association’s Independent Living Program (ILP) provides young adults, ages 16-21, who are in or have been involved in foster care with opportunities to develop mastery in major life areas. This is accomplished by teaching youth essential life skills, assisting the youth in learning self-advocacy, identifying mentors and natural supports, and working with the youth on concrete, measurable goals. Services are provided to youth and young adults on an individual basis and can include educational support, employment skills, financial literacy, food preparation, health & wellness, housing support, transportation support, leadership skills, participation in a Youth Advisory Board, mentorship, clinical support, as well as any other supports identified by the youth and their team members.

The Thrive Mentor Program is a statewide one-on-one mentoring program that enhances support for young adults involved in Independent Living Services. Thrive seeks to solicit community members and foster care alumni to be mentors for young adults by creating collaborative relationships that will help

foster care youth thrive and achieve the same success as their peers who are not involved in foster care including reduced rates of homelessness and teen pregnancy, increased rates of graduation, job stability, social skills, and healthy adult connections. Thrive mentors will receive the training, support, and resources necessary to promote a successful mentor relationship.

Family Support & Parenting Education- Parents as Teachers Program

Family support program for well-being, positive interactions, discipline, safe homes, parenting education, child development screenings, connections to resources and learnings through play. Our Parent Educators provide families with home visits bi-monthly (weekly as needed), focused on relationship building and encouraging growth and development in children, based on the principle that parents are the first and most influential teacher. Enrollment for families with children prenatally up to age 4, including teen parents, grandparents raising grandchildren, foster, kinship, and adoptive parents. Offered at no cost to families.

Behavioral Health - Skills Training and Respite (STAR)

The STAR Program offers a variety of behavioral health services to support youth and families. Services aim to reduce caregiver stress and build skills and resiliency in youth. The STAR program offers several recreational experimental learning opportunities for youth, and are tailored to individual needs and interests. As a community-based skills training and respite program, some activities your child may engage in include outdoor activities, such as hiking, swimming, and playing sports, attending community events, and frequenting local establishments including restaurants, libraries, parks, and movie theatres.

Target Populations: Mohave County children and families

Services are available for children who are Title XIX and AHCCCS eligible. Children between the ages of 5 and 18 that are AHCCCS eligible, and enrolled in a community mental health agency, may be eligible for STAR services

Fee for Services: Fees are specific for Private Adoption Services only.

Service Area: Mohave County

Arizona Early Intervention Program (AzEIP):

A to Z Therapies

6701 West Union Hills Dr., Suite 2, Glendale, AZ 85308

Phone: (602) 439-7400

Fax: (602) 439-2011

Hours: 8:00am-5:00pm Monday-Friday; Hours vary, call for an appointment

Website: <https://des.az.gov/services/disabilities/developmental-infant>

Mission: Early intervention builds upon and provides supports and resources to assist family members and caregivers to enhance children's learning and development through everyday learning opportunities.

Description: Developmental Specialists focus on everyday learning environments and activities that promote skill development within the child's daily routine and provide families with information, skills, and support to enhance their child's development.

Service Provided: Service Coordination, developmental special instruction, occupational, physical, and speech therapy, specialized instruction for the deaf and hard of hearing, special instruction for the blind and visually impaired.

Qualifications for service: Infants and toddlers, birth to 3 years, with suspected significant developmental delay, or known medical condition that will likely result in a delay or disability (new referrals are accepted up to 2 years 10 ½ months old). A child is considered to be developmentally delayed when s/he has not reached 50% of the developmental milestones expected at his/her chronological age, in one or more of the following areas: cognitive development; physical development, including vision and hearing; communication development; social or emotional

development; self-help/adaptive development. Established conditions that have a high probability of developmental delay include, but are not limited to: chromosome abnormality; intraventricular hemorrhage; cerebral palsy; significant visual impairment; metabolic disorders; neural tube defects; periventricular leukomalacia; hydrocephalus; and Failure to Thrive.

Fee for Services: No cost for screenings and evaluations. Ongoing services are free for children on AHCCCS. Family Cost Participation (FCP) dependent on income level.

Area of Service: A to Z Therapies provides services to Mohave and La Paz Counties. There are other AZEIP contractors for other counties. Contact the main office in Glendale, AZ, and you will be directed to the correct office in Mohave County.

Arizona Commission for the Deaf and the Hard of Hearing (ACDHH)

100 N 15th Ave, Suite 104, Phoenix, AZ 85007

Phone: (928) 279-7581 Hours: By Appointment

Website: <http://www.kingmanshealinghooves.com>

Mission: Healing Hooves mission is to improve the minds, bodies, and spirits of children and adults with disabilities, at-risk youth, children of poverty/low-income families, and able body riders through Equine Assisted Learning programs and Horsemanship lessons. Joy can heal in so many ways, and we strive to help in the healing process for individuals, families, and friends with individual programs designed to foster the development of self-esteem, respect for themselves and others, horsemanship skills in handling and riding, as well as principles of kindness, responsibility, and care for animals.

Population Served: Students range from six years old to seniors and have a wide range of disabilities and challenges from cognitive impairments such as Down syndrome or autism spectrum disorder to physical disabilities such as cerebral palsy and spinal cord injuries as well as mental health issues and sensory impairments

Services Provided: Clients all learn riding skills while improving their balance, strengthen muscles, work on educational goals, and advancing communication skills, that will increase self-esteem and confidence.

Fee for Services: Rider Sponsors help to provide the necessary funding for those who are already "strapped" for cash from monthly co-pays for on-going medical treatment. Unfortunately, insurance companies do not see the need to cover Equine Therapy for their clients.

Area Served: All of Arizona

Website: <http://www.mohavecounty.us/ContentPage.aspx?id=127&cid=341>

Mission: To maintain a safe and healthy environment for the residents of Mohave County. Public Health Nursing provides professional nursing services for high-risk populations. We also investigate and control communicable diseases so that we may live in healthy and safe communities.

Fee for Services: Many of the services are free, regardless of household income. Some services provided on a sliding fee basis while others are available at a low, fixed cost. Funding for Public Health programs come from sources such as grants, taxes, and local and state revenues.

Newborn Intensive Care Program: This free program, which also includes developmental delay follow-up, features home visits by a Registered Nurse. In turn, a nurse arranges for home visits with the family to evaluate and monitor the child's condition, screen for developmental delays, teach care-taking techniques and answer questions. Often, referrals are made to other agencies that can assist with the child's special needs.

Health Start Program: This home visitation program is a free service that permits a lay health worker, or "promotora," to be a resource for pregnant women and their families. After the birth of the child, the promotora visits the family in the home to provide education on health and safety issues such as immunizations, car seat safety, and home safety.

Immunization Program: Free immunizations are provided to children and adolescents through the Vaccines for Children Grant. Vaccines available are routine childhood immunizations recommended by the American Academy of Pediatrics.

Adult Immunization: Tetanus-diphtheria (recommended every ten years), hepatitis B, hepatitis A, varicella, and MMR vaccines are available to adults for a minimal fee.

Also available in Public Health Nursing: Communicable Disease Program, Pregnancy Testing, Reproductive Health/Family Planning, Sexually Transmitted Disease Clinic, HIV Testing and Counseling.

Email: info@tlc4families.org

Website: <https://www.tlc4families.org/>

Mission: Promote the success of children one family at a time.

Population Served: Pregnant women, infants and toddlers, and their families.

Services Provided: We are contractors for AzEIP and Early Head Start in our service area. Our services include OT, PT, SLP, RN, nutrition, special instruction, service coordination, and family instruction. Families develop a service plan based on their expressed needs and hopes for the future. Our Early Head Start program provides parent leadership and regular group activities for families including fathers and siblings.

Qualifications for Services: For AzEIP, all children are entitled to a full developmental evaluation, including hearing and vision screening, at no cost to the family. Eligibility for ongoing services requires that the child be eligible under the AzEIP guidelines. Eligibility for Early Head Start is based on income. Families must be below the Federal Poverty Level at time of enrollment. Income eligibility for some programs is waived for families under 180% of Federal Poverty Guidelines or who have other extreme special circumstances. Applications for services are taken at any time as programs are offered year-round.

Fee for Services: Initial evaluation for AzEIP eligibility is free. Ongoing services are based on the AzEIP sliding scale. Early Head Start services are provided at no cost to the family.

Area of Service: Arizona Strip, Mohave County north of the Grand Canyon including Beaver Dam, Littlefield, Scenic, Desert Springs, Colorado City, Centennial Park, and Cane Beds.

Website:

<https://www.mohavecounty.us/ContentPage.aspx?id=127&cid=342&page=2&rid=679>

Description: Women, Infants, and Children (WIC) is a nutrition program for low-income women who are pregnant, recently had a baby, or are breastfeeding, and for children up to age five. WIC helps children when they are growing the most and can help families develop life-long health habits.

Services Provided: Nutritious foods, nutrition education, breastfeeding help, and referrals to other community agencies.

Area of Service: Countywide

Eligibility: Pregnant, postpartum, and breastfeeding women. Children up to 5 years of age. Household income at 185% of federal poverty guidelines. See the chart below. (As of February 2018)

| Family Members in Household | Weekly Household Income | Monthly Household Income | Yearly Household Income |
|-----------------------------|-------------------------|--------------------------|-------------------------|
| 2 | \$578 | \$2,504 | \$30,048 |
| 3 | \$727 | \$3,149 | \$37,777 |
| 4 | \$876 | \$3,793 | \$45,510 |
| 5 | \$1,024 | \$4,437 | \$53,243 |
| 6 | \$1,173 | \$5,082 | \$60,976 |

The WIC Program is designed to serve certain categories of women, infants, and children. Therefore, the following individuals are considered categorically eligible for WIC:

Women

- Pregnant (during pregnancy and up to 6 weeks after the birth of an infant or the end of the pregnancy)
- Postpartum (up to six months after the birth of the infant or the end of the pregnancy)
- Breastfeeding (up to the infant's first birthday)

Infants (up to the infant's first birthday)

Children (up to the child's fifth birthday)
