

BRIGANTINE
COMMUNITY SCHOOL
Where Everyone is Someone

October 30, 2020

Dear Brigantine Families,

Thank you! It is with much gratitude that we thank you for your ongoing support and assistance in doing daily assessments of your child, and maintaining strong lines of communication with our staff as we continue to navigate forward.

Although we have been off to a great start, we must remain vigilant and aware of the increase in transmission rates in our state, as well as across the country. As we approach the month of November, we know that families in the past have taken advantage of the shortened weeks and holidays to travel. The NJDOH has issued an advisory that every person should review if you are considering travel over the next few months. This information can be found at: <https://covid19.nj.gov/index.html>. The NJDOH has stated *that 14 day self-quarantine is voluntary, but compliance is expected.*

I am asking that you **please use solid, professional judgment regarding your travel and interactions with others over the next few weeks/months.** The health and safety of you, as well as our students and staff are very important to us.

If you are concerned about your upcoming travel plans, and how it may affect your child's education, I ask that you speak with your child's teacher first and then Principal Fox, if needed.

Stay safe,

Glenn Robbins
Superintendent of Schools
